

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Vitaliy Boklach
DOCKET NO.: 20-04591.001-R-1
PARCEL NO.: 07-07-401-015

The parties of record before the Property Tax Appeal Board are Vitaliy Boklach, the appellant, by attorney Eric Feldman of Eric Feldman & Assoc. P.C. in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$11,975
IMPR.: \$52,216
TOTAL: \$64,191

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of wood siding exterior construction with 1,025 square feet of living area. The dwelling was constructed in 1971. Features of the home include a basement with finished area, central air conditioning and a 500 square foot garage. The property has a 12,300 square foot site and is located in Gurnee, Warren Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on three comparable sales with the same assessment neighborhood code as the subject and located within .31 of a mile from the subject property. The comparables have sites that range in size from 11,220 to 13,140 square feet of land area. The comparables are improved with one-story dwellings of wood siding exterior construction, each containing 1,025 square feet of living area. The dwellings were built from 1966 to 1969. Each comparable has a crawl space foundation and a garage with either 294 or 484 square feet of

building area. Two comparables have central air conditioning. The comparables sold from April 2019 to June 2020 for prices ranging from \$162,000 to \$185,000 or from \$158.05 to \$180.49 per square foot of living area, including land. Based on this evidence, the appellant requested the subject's total assessment be reduced to \$56,978, which would reflect a market value of \$170,951 or \$166.78 per square foot of living area, including land, when using the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$64,191. The subject's assessment reflects a market value of \$192,824 or \$188.12 per square foot of living area, land included, when using the 2020 three-year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on five comparable sales with the same assessment neighborhood code as the subject and located within .41 of a mile from the subject property. The board of review's comparable #5 is the same property as the appellant's comparable #3. The comparables have sites that range in size from 10,080 to 12,300 square feet of land area. The comparables are improved with one-story dwellings of wood siding exterior construction with 925 or 1,025 square feet of living area. The dwellings were built from 1963 to 1972. One comparable has a basement and four comparables have crawl space foundations. Each comparable has central air conditioning and a garage ranging in size from 294 to 660 square feet of building area. One comparable has a fireplace. The comparables sold from April 2019 to December 2020 for prices ranging from \$185,000 to \$211,500 or from \$180.49 to \$206.34 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains seven suggested comparable sales for the Board's consideration, as one sale was common to the parties. The Board has given less weight to the appellant's comparable #2 due to its lack of central air conditioning, a feature of the subject. The Board has given reduced weight to board of review comparable #4 due to its less similar dwelling size when compared to the other comparables in the record.

The Board finds the best evidence of market value to be parties' remaining comparable sales, which includes the common sale. These five comparables are identical to the subject in dwelling size and similar to the subject in location, design, age and some features, except none of the comparables have a finished basement like the subject, suggesting upward adjustments would be required to make the comparables more equivalent to the subject. Nevertheless, the comparables sold from April 2019 to December 2020 for prices ranging from \$162,000 to \$211,500 or from

\$158.05 to \$206.34 per square foot of living area, including land. The subject's assessment reflects a market value of \$192,824 or \$188.12 per square foot of living area, including land, which falls within the range established by the best comparable sales in the record and appears to be well supported given its superior finished basement feature. Based on this record and after considering adjustments to the comparables for differences when compared to the subject, the Board finds no reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
