

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Mitchell Rattner
DOCKET NO.: 20-04595.001-R-1
PARCEL NO.: 15-04-303-040

The parties of record before the Property Tax Appeal Board are Mitchell Rattner, the appellant, by attorney Eric Feldman of Eric Feldman & Assoc. P.C. in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$25,713
IMPR.: \$95,221
TOTAL: \$120,934

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a tri-level dwelling of wood siding exterior construction with 1,674 square feet of above ground living area. The dwelling was constructed in 1976. Features of the home include a lower level, an additional partial basement with finished area, central air conditioning, a fireplace and a 462 square foot garage. The property has an 8,060 square foot site and is located in Vernon Hills, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on five comparable sales with the same assessment neighborhood code as the subject and located within .51 of mile from the subject property. The comparables have sites that range in size from 6,500 to 9,050 square feet of land area. The comparables are improved with tri-level dwellings of wood siding exterior construction, each containing 1,674 square feet of above ground living area. The dwellings were built from 1975 to

1979. The comparables each have a lower level, one of which has an additional partial basement with finished area. Each comparable has central air conditioning and a 462 square foot garage. Three comparables each have one fireplace. The comparables sold from May 2019 to April 2020 for prices ranging from \$266,000 to \$353,000 or from \$158.90 to \$210.87 per square foot of above ground living area, including land. Based on this evidence, the appellant requested the subject's assessment be reduced to \$110,794 which would reflect a market value of \$332,415 or \$198.58 per square foot of above ground living area, including land, when using the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$120,934. The subject's assessment reflects a market value of \$363,274 or \$217.01 per square foot of above ground living area, land included, when using the 2020 three-year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on four comparable sales with the same assessment neighborhood code as the subject and located within .57 of a mile from the subject property. Board of review comparable #4 is the same property as the appellant's comparable #3. The comparables have sites that range in size from 6,500 to 11,450 square feet of land area. The comparables are improved with tri-level dwellings of wood siding exterior construction ranging in size from 1,437 to 1,898 square feet of above ground living area. The dwellings were built from 1975 to 1984. The comparables each have a lower level, one of which has finished area and three comparables each have an additional partial basement with finished area. Each comparable has central air conditioning, a fireplace and either a 441 or 462 square foot garage. The comparables sold from April 2019 to April 2020 for prices ranging from \$353,000 to \$400,000 or from \$210.75 to \$246.69 per square foot of above ground living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains eight suggested comparable sales for the Board's consideration, as one sale was common to the parties. The Board has given less weight to the appellant's comparables #1, #2, #4 and #5 due to their lack of an additional partial basement with finished area, a feature of the subject. The Board has given reduced weight to board of review comparables #1 and #3 due differences from the subject in dwelling size and/or they lack an additional partial basement with finished area.

The Board finds the best evidence of market value to be the appellant's comparable #3/board of review comparable #4 and board of review comparable #2. The Board finds these two

comparables are identical to the subject in dwelling size and similar to the subject in location, design, age and most features. The comparables sold in January 2020 and March 2020 for prices of \$353,000 and \$390,000 or for \$210.87 and \$232.97 per square foot of above ground living area, including land, respectively. The subject's assessment reflects a market value of \$363,274 or \$217.01 per square foot of above ground living area, including land, which is bracketed by the two best comparable sales in the record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds no reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
