

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Alec Pashkow
DOCKET NO.: 20-04603.001-R-1
PARCEL NO.: 14-31-406-006

The parties of record before the Property Tax Appeal Board are Alec Pashkow, the appellant, by attorney Eric Feldman of Eric Feldman & Assoc. P.C. in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$45,469
IMPR.: \$127,219
TOTAL: \$172,688

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of brick exterior construction with 2,577 square feet of living area. The dwelling was constructed in 1967. Features of the home include a basement, central air conditioning, a fireplace and a 462 square foot garage. The property has an approximately 23,350 square foot site and is located in Barrington, Ela Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on five comparable sales with the same assessment neighborhood code as the subject and located from .35 of a mile from the subject property. The comparables have sites that range in size from 21,540 to 26,050 square feet of land area. The comparables are improved with 1.5-story or 2-story dwellings of brick or brick and wood siding exterior construction ranging in size from 2,726 to 3,256 square feet of living area. The dwellings were built from 1966 to 1969. The comparables each have a basement, one of which

is a walk-out. Each comparable has a central air conditioning, a fireplace and a garage ranging in size from 483 to 572 square feet of building area. The comparables sold from June 2019 to April 2020 for prices of \$410,000 and \$582,500 or from \$150.40 to \$192.18 per square foot of living area, including land. Based on this evidence, the appellant requested the subject's total assessment be reduced to \$155,204, which would reflect a market value of \$465,659 or \$180.70 per square foot of living area, including land, when using the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$172,688. The subject's assessment reflects a market value of \$518,738 or \$201.30 per square foot of living area, land included, when using the 2020 three-year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In response to the appeal, the board of review submitted a grid analysis and schematic diagrams with dimensions for each of the appellant's comparables. The board of review described the appellant's comparable dwellings #4 and #5 as containing 2,970 and 3,153 square feet of living area.¹

In support of its contention of the correct assessment, the board of review submitted information on seven comparable sales with the same assessment neighborhood code as the subject and located within .54 of a mile from the subject property. The comparables have sites ranging in size from 18,793 to 27,065 square feet of land area. The comparables are improved with 2-story dwellings of brick or brick and frame exterior construction ranging in size from 2,497 to 3,186 square feet of living area. The dwellings were built from 1967 to 1971. The comparables each have a basement, one of which is a walk-out. Each comparable has central air conditioning, one or two fireplaces and a garage ranging in size from 462 to 616 square feet of building area. The comparables sold from December 2019 to May 2021 for prices ranging from \$540,000 to \$762,500 or from \$198.83 to \$273.00 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains 12 suggested comparable sales for the Board's consideration. The Board has given less weight to the appellant's comparables #2, #3 and #5 due to their larger dwelling sizes when compared to the subject. The Board has given reduced weight to board of review comparables #2 and #5 due to their sale dates occurring 16 or 17 months after the lien date at

issue and are thus less likely to be indicative of the subject's market value as of January 1, 2020. Furthermore, board of review comparable #5 has a larger dwelling size when compared to the subject.

The Board finds the best evidence of market value to be the appellant's comparables #1 and #4, along with board of review comparables #1, #4, #6 and #7, which sold proximate in time to the assessment date at issue and are overall more similar to the subject in location, dwelling size, age and some features. The comparables sold from August 2019 to September 2020 for prices ranging from \$410,000 to \$762,500 or from \$150.40 to \$273.00 per square foot of living area, including land. The subject's assessment reflects a market value of \$518,738 or \$201.30 per square foot of living area, including land, which falls within the range established by the best comparable sales in this record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds no reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
