

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Mark Werksman
DOCKET NO.: 20-04608.001-R-1
PARCEL NO.: 14-30-208-018

The parties of record before the Property Tax Appeal Board are Mark Werksman, the appellant, by attorney Eric Feldman, of Eric Feldman & Assoc. P.C. in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$23,986
IMPR.: \$102,668
TOTAL: \$126,654

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of wood siding exterior construction with 2,200 square feet of living area¹. The dwelling was built in 1989. Features of the home include an unfinished full basement, central air conditioning, one fireplace, and a 400 square foot attached garage. The property has an approximately 10,471 square feet of land area and is located in Lake Zurich, Ela Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on five comparable sales with the same assessment neighborhood code as the subject property and located within 0.28 of a mile from the subject.

¹ The parties' differ as to the subject's dwelling size and site size. The Board finds the best evidence of this information was found in the property record card presented by the board of review, which was not refuted by the appellant.

The comparables have sites that range in size from 10,040 to 16,940 square feet of land area. The appellant reported that the comparables are improved with 2-story dwellings of wood siding exterior construction ranging in size from 1,990 to 2,515 square feet of living area. The dwellings were each built in 1989. Each comparable has an unfinished basement, central air conditioning, one fireplace, and either a 400 or 441 square foot attached garage. The properties sold from April 2019 to June 2020 for prices ranging from \$310,000 to \$375,000 or from \$141.15 to \$175.88 per square foot of living area, land included.

Based on this evidence, the appellant requested the subject's assessment be reduced to \$113,480, which would reflect a market value of \$340,474 or \$154.76 per square foot of living area, including land, when using the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$126,654 reflecting a market value of \$380,457 or \$172.94 per square foot of living area, including land, when using the 2020 three-year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of the subject's assessment, the board of review submitted information on thirteen comparable sales with the same assessment neighborhood code as the subject property and located within 0.24 of a mile from the subject. Board of review comparable #13 is the same property as the appellant's comparable #1. The comparables have sites that range from 10,106 to 14,144 square feet of land area. The board of review reported that the comparables are improved with 2-story dwellings of frame exterior construction ranging in size from 1,937 to 2,551 square feet of living area. The dwellings were built in 1988 or 1989 with comparable #10 having an effective year built of 1990. Each comparable has an unfinished basement, central air conditioning, one fireplace, and a 400 to 431 square foot attached garage. The properties sold from March 2019 to May 2021 for prices ranging from \$350,000 to \$450,000 or from \$173.27 to \$204.77 per square foot of living area, land included. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains seventeen comparable sales for the Board's consideration, as one property was common to both parties. The Board gives less weight to the appellant's comparables #2 and #3 as well as board of review comparables #3, #9, and #12 which differ from the subject in dwelling size and/or have sale dates less proximate to the subject's January 1, 2020 assessment date under appeal than the other comparables in the record.

The Board finds the best evidence of the subject's market value to be the parties' remaining comparables which are overall more similar to the subject in location, design, age, dwelling size,

and most features. These properties sold in March 2019 to November 2020 for prices ranging from \$310,000 to \$421,000 or \$153.88 to \$204.77 per square foot of living area, land included. The subject's assessment reflects an estimated market value of \$380,457 or \$172.94 per square foot of living area, land included, which falls within the range established by the best comparable sales in the record. Based on the record and after considering adjustments to the best comparables for differences from the subject, the Board finds the subject's estimated market value as reflected by its assessment is supported and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
