

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Steven Anenen  
DOCKET NO.: 20-04615.001-R-1  
PARCEL NO.: 14-07-101-003

The parties of record before the Property Tax Appeal Board are Steven Anenen, the appellant, by attorney Eric Feldman of Eric Feldman & Assoc. P.C. in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$58,811  
**IMPR.:** \$174,499  
**TOTAL:** \$233,310

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a part one-story and part two-story<sup>1</sup> dwelling of brick exterior construction with 6,011 square feet of living area. The dwelling was constructed in 1989. Features of the home include a full walk-out basement, central air conditioning, five fireplaces and a 1,086 square foot garage. The property is located in North Barrington, Ela Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on five comparable sales with the same assessment neighborhood code as the subject and located within .35 of a mile from the subject property. The comparables have sites that range in size from 31,710 to 57,320 square feet of land area. The

appellant reported the comparables are improved with 1-story,<sup>2</sup> 2-story or 2.5-story dwellings of brick or wood siding exterior construction ranging in size from 4,234 to 6,343 square feet of living area. The dwellings were built from 1988 to 1990. The comparables each have a full or partial basement, central air conditioning, two or three fireplaces and a garage ranging in size from 872 to 1,256 square feet of building area. Comparable #3 has an inground swimming pool. The comparables sold from November 2019 to June 2020 for prices ranging from \$525,000 to \$745,000 or from \$92.75 to \$129.90 per square foot of living area, including land. Based on this evidence, the appellant requested the subject's assessment be reduced to \$196,389, which would reflect a market value of \$589,226 or \$98.02 per square foot of living area, including land, when using the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$233,310. The subject's assessment reflects a market value of \$700,841 or \$116.59 per square foot of living area, land included, when using the 2020 three-year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on four comparable sales with the same assessment neighborhood code as the subject and located within .66 of a mile from the subject property. The board of review's comparable #1 is the same property as the appellant's comparable #5. The comparables have sites that range in size from 20,590 to 46,950 square feet of land area. The comparables are improved with 1.5-story, 2-story or 2.5-story dwellings of brick or wood siding exterior construction ranging in size from 4,957 to 6,343 square feet of living area. The dwellings were built from 1988 to 1990 with comparable #2 having a reported effective age of 1992. The comparables each have a full basement, two of which are walk-outs. Each comparable has central air conditioning, two to five fireplaces and a garage ranging in size from 768 to 1,261 square feet of building area. Comparable #4 has an inground swimming pool. The comparables sold from December 2019 to October 2020 for prices ranging from \$745,000 to \$840,000 or from \$117.45 to \$168.65 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains eight suggested comparable sales for the Board's consideration, as one sale was common to the parties. The Board has given less weight to the appellant's comparables #1 and #3, as well as board of review comparables #3 and #4 due to their smaller dwelling sizes

<sup>2</sup> The appellant's comparables #1 and #4 have a ground floor areas of 1,135 and 2,212 square feet with an above ground areas of 4,234 square feet, suggesting the dwellings are part two-story in design.

and/or inground swimming pools, when compared to the subject. The Board has also given less weight to the appellant's comparable #4 which appears to be an outlier due to its considerably lower sale price of \$92.75 per square foot of living area, including land, when compared to the remaining sales in the record.

The Board finds the best evidence of market value to be the parties' remaining comparable sales, including the common sale. The Board finds these three comparables are similar to the subject in location, dwelling size, age and some features. The comparables sold from November 2019 to June 2020 for prices ranging from \$650,000 to \$840,000 or from \$116.95 to \$126.24 per square foot of living area, including land. The subject's assessment reflects a market value of \$700,841 or \$116.59 per square foot of living area, including land, which falls within the range established by the best comparable sales in the record in terms of overall market value but slightly below the range on a price per square foot basis. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds no reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
