

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Robert Farmer
DOCKET NO.: 20-04625.001-R-1
PARCEL NO.: 07-29-407-014

The parties of record before the Property Tax Appeal Board are Robert Farmer, the appellant, by attorney Eric Feldman, of Eric Feldman & Assoc. P.C. in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$14,242
IMPR.: \$68,416
TOTAL: \$82,658

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding exterior construction with 2,282 square feet of living area. The dwelling was constructed in 1988. Features of the home include a full unfinished basement, central air conditioning, a fireplace and a 504 square foot garage. The property has a 12,000 square foot site and is located in Grayslake, Warren Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on five comparable sales located in the same assessment neighborhood code as the subject property and from .21 to .50 of a mile from the subject. The comparable parcels range in size from 12,000 to 21,110 square feet of land area and are improved with two-story dwellings of wood siding exterior construction. The homes were built from 1984 to 1986 and range in size from 2,282 to 2,840 square feet of living area. Each

dwelling has a full basement, two of which have recreation rooms. Four of the dwellings have central air conditioning and each comparable has both a fireplace and a garage ranging in size from 462 to 504 square feet of building area. The comparables sold from February 2019 to July 2020 for prices ranging from \$198,000 to \$300,000 or from \$83.69 to \$112.00 per square foot of living area, including land.

Based on this evidence, the appellant requested a reduced total assessment of \$75,622 which would reflect a market value of \$226,889 or \$99.43 per square foot of living area, including land, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$82,658. The subject's assessment reflects a market value of \$248,297 or \$108.81 per square foot of living area, land included, when using the 2020 three year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on five comparable sales located in the same assessment neighborhood code as the subject property and within .32 of a mile from the subject. The comparable parcels range in size from 12,000 to 19,860 square feet of land area and are improved with two-story dwellings of wood siding exterior construction. The homes were built in either 1987 or 1988, although comparable #1 has a reported effective age of 1991. The dwellings range in size from 2,257 to 2,618 square feet of living area. Each dwelling has a full basement, three of which have recreation rooms. Features include central air conditioning and a garage ranging in size from 440 to 726 square feet of building area. Four comparables each have a fireplace. The comparables sold from September 2019 to July 2020 for prices ranging from \$292,000 to \$330,000 or from \$111.54 to \$146.21 per square foot of living area, including land.

Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of ten comparable sales to support their respective positions before the Property Tax Appeal Board. The Board has given reduced weight to the dwellings with finished basement areas, which are superior to the subject's unfinished basement area. In addition, appellant's comparable #5 is significantly larger in dwelling size than the subject. Thus, the Board has given reduced weight to appellant's comparables #4 and #5 along with board of review comparables #1, #2 and #3.

The Board finds the best evidence of market value to be appellant's comparable sales #1, #2 and #3 and the board of review comparable sales #4 and #5 which are each similar to the subject in location, design, age, dwelling size and most features. These most similar comparables sold from May 2019 to July 2020 for prices ranging from \$215,000 to \$298,000 or from \$94.22 to \$125.95 per square foot of living area, including land. The subject's assessment reflects a market value of \$248,297 or \$108.81 per square foot of living area, including land, which is within the range established by the best comparable sales in this record both in terms of overall value and on a per-square-foot basis. Based on this evidence and after considering adjustments to the best comparables for differences when compared to the subject property, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
