

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jeffrey Sachs
DOCKET NO.: 20-04654.001-R-1
PARCEL NO.: 15-06-407-009

The parties of record before the Property Tax Appeal Board are Jeffrey Sachs, the appellant, by attorney Ronald Kingsley of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$31,770
IMPR.: \$94,348
TOTAL: \$126,118

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding exterior construction with 2,280 square feet of living area. The dwelling was constructed in 1989. Features of the home include a basement with finished area, central air conditioning, a fireplace and a 420 square foot garage. The property has an approximately 10,180 square foot site and is located in Vernon Hills, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on five comparable sales with the same assessment neighborhood code as the subject and located within .33 of a mile from the subject property. The comparables have sites that range in size from 7,524 to 20,503 square feet of land area. The comparables are improved with two-story dwellings of frame exterior construction ranging in size from 1,920 to 2,280 square feet of living area that were built from 1989 to 1992. The

comparables each have a basement, two of which have finished area. Each comparable has central air conditioning and a garage with 400 or 420 square feet of building area. Four comparables each have one fireplace. The comparables sold from April to September 2019 for prices ranging from \$258,000 to \$372,500 or from \$134.38 to \$172.06 per square foot of living area, including land. The appellant provided the listing sheets for comparables #1 and #4 indicating the dwellings were rehabbed in 2016 and 2018, respectively, with comparable #1 described as an "estate sale family looking for quick sale." Based on this evidence, the appellant requested the subject's assessment be reduced to \$118,548, which would reflect a market value of \$355,680 or \$156.00 per square foot of living area, including land, when using the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$126,118. The subject's assessment reflects a market value of \$378,847 or \$166.16 per square foot of living area, land included, when using the 2020 three-year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on three comparable sales with the same assessment neighborhood code as the subject and located within .33 of a mile from the subject property. The board of review's comparables #2 and #3 are the same properties as the appellant's comparables #5 and #4, respectively. The comparables have sites that range in size from 7,520 to 11,310 square feet of land area. The comparables are improved with two-story dwellings of wood siding exterior construction ranging in size from 2,165 to 2,280 square feet of living area. The dwellings were built from 1989 to 1992. Each comparable has a basement, central air conditioning, a fireplace and a garage with 400 or 420 square feet of building area. The comparables sold from April 2019 to February 2020 for prices ranging from \$362,500 to \$395,000 or from \$167.28 to \$173.25 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains six suggested comparable sales for the Board's consideration, as two sales were common to the parties. The Board has given less weight to the appellant's comparables #1 and #2 due to their smaller dwelling size or larger lot size, when compared to the subject.

The Board finds the best evidence of market value to be the parties' remaining comparable sales, including the two common sales. The Board finds these four comparables are similar to the subject in location, lot size, dwelling size, design, age and some features, except three of the comparables have unfinished basements in contrast to the subject's finished basement,

suggesting upward adjustments would be required to make these comparables more equivalent to the subject. Nevertheless, the comparables sold from April 2019 to February 2020 for prices ranging from \$350,000 to \$395,000 or from \$153.51 to \$173.25 per square foot of living area, including land. The subject's assessment reflects a market value of \$378,847 or \$166.16 per square foot of living area, including land, which falls within the range established by the best comparable sales in the record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds no reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
