

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Konstantinos Dean Karousos
DOCKET NO.: 20-04664.001-R-1
PARCEL NO.: 15-13-304-008

The parties of record before the Property Tax Appeal Board are Konstantinos Dean Karousos, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$65,701
IMPR.: \$111,601
TOTAL: \$177,302

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of brick and frame exterior construction with 2,652 square feet of living area. The dwelling was constructed in 1969. Features of the home include a basement with finished area, central air conditioning, a fireplace and a 506 square foot garage. The property has a 19,602 square foot site and is located in Lincolnshire, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on three comparable sales located within .63 of a mile from the subject. The comparables have sites with either 19,602 or 20,000 square feet of land area and are improved with 2-story dwellings ranging in size from 2,556 to 3,150 square feet of living area. The dwellings were constructed from 1964 to 1973 with comparables #2 and #3 having effective years built of 1967 and 1975, respectively. The comparables each have a basement with finished

area, central air conditioning, and a garage ranging in size from 462 to 529 square feet of building area. Two comparables each have a fireplace. The appellant disclosed comparable #3 was a rehab in 2019 based on the Multiple Listing Service sheet associated with the sale. The comparables sold from July 2019 to January 2020 for prices ranging from \$430,000 to \$600,000 or from \$168.23 to \$202.29 per square foot of living area, land included. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$177,302. The subject's assessment reflects a market value of \$532,598 or \$200.83 per square foot of living area, land included, when using the 2020 three year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on five comparable sales located within .85 of a mile from the subject where comparable #2 is the same property as appellant's comparable #3. The comparables have sites ranging in size from 20,000 to 20,910 square feet of land area and are improved with 1.5-story or 2-story dwellings of brick, wood siding, or wood siding and brick exterior construction ranging in size from 2,565 to 2,929 square feet of living area and were built from 1963 to 1973. Comparables #2, #3 and #5 each have an effective year built of 1970 or 1975. Each comparable has a basement, central air conditioning, and a garage ranging in size from 462 to 529 square feet of building area. Four comparables each have one or two fireplaces. The comparables sold from March 2019 to February 2021 for prices ranging from \$550,000 to \$750,000 or from \$202.29 to \$274.73 per square foot of living area, land included. The board of review also disclosed the subject sold in October 2018 for \$530,000 or \$199.85 per square foot of living area, including land. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains seven comparable sales for the Board's consideration. The Board gives less weight to appellant's comparable #2 which has a larger dwelling size when compared to the subject. The Board gives less weight to board of review comparable #1 due to its February 2021 sale date occurring less proximate in time to the January 1, 2020 assessment date than the other sales in the record.

The Board finds the best evidence of market value to be the parties' remaining comparables, one of which is common to both parties. These comparables are relatively similar in location, age, dwelling size, and features. These comparables sold from March 2019 to August 2020 for prices ranging from \$430,000 to \$750,000 or from \$168.23 to \$274.73 per square foot of living area, including land. Excluding the low and high sale prices, yields a tighter range from \$592,500 to

\$605,000 or from \$202.29 to \$235.87 per square foot of living area, including land. The subject's assessment reflects a market value of \$532,598 or \$200.83 per square foot of living area, including land, which falls below the range established by the best comparable sales in the record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the subject's estimated market value as reflected by its assessment is well supported. Based on this evidence, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
