

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Kathleen Pyle
DOCKET NO.: 20-04665.001-R-1
PARCEL NO.: 15-13-302-005

The parties of record before the Property Tax Appeal Board are Kathleen Pyle, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$69,341
IMPR.: \$123,452
TOTAL: \$192,793

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of wood siding exterior construction with 2,575 square feet of living area. The dwelling was constructed in 1978. Features of the home include a basement, central air conditioning, a fireplace and a 552 square foot garage. The property has a 20,117 square foot site and is located in Lincolnshire, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on four comparable sales located from 1.26 to 1.57 miles from the subject property, two of which are located in a different township than the subject. The comparables have sites ranging in size from 30,492 to 81,893 square feet of land area and are improved with 1-story dwellings ranging in size from 2,447 to 2,995 square feet of living area. The dwellings were constructed from 1956 to 1976. Comparable #4 has an effective year built of

1977. Each comparable has central air conditioning, one or two fireplaces and a garage ranging in size from 484 to 756 square feet of building area. The comparables sold from January 2019 to June 2020 for prices ranging from \$429,000 to \$805,000 or from \$157.84 to \$268.78 per square foot of living area, land included. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$192,793. The subject's assessment reflects a market value of \$579,132 or \$224.91 per square foot of living area, land included, when using the 2020 three year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on the three comparables located from .47 to .74 of a mile from the subject. The comparables have sites ranging in size from 20,040 to 23,500 square feet of land area and are improved with 1-story or 2-story dwellings of brick exterior construction ranging in size from 2,633 to 3,065 square feet of living area. The dwellings were constructed from 1967 to 2014. The comparables have basements, two of which have finished area. Each comparable has central air conditioning, one or two fireplaces and a garage ranging in size from 214 to 771 square feet of building area. The comparables sold from September 2019 to October 2020 for prices ranging from \$615,000 to \$775,000 or from \$233.57 to \$252.85 per square foot of living area, land included. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties' submitted eight comparables for the Board's consideration. The Board finds neither party presented comparables truly similar to the subject due to differences in location, site size, style, age, dwelling size and/or features. Although the appellant's comparables are similar in design to the subject, they are located over 1 mile away from the subject and in a different township or city than the subject. In addition, two comparables have considerably larger sites, two comparables are either 17 or 22 years older, and one comparable has finished basement area when compared to the subject. Whereas the board of review comparables are more proximate to the subject in terms of location, three comparables are dissimilar in design, two comparables have finished basement area and one comparable is 36 years newer when compared to the subject dwelling. Nevertheless, these comparables sold from January 2019 to October 2020 for prices ranging from \$429,000 to \$805,000 or from \$157.84 to \$268.78 per square foot of living area, including land. The subject's assessment reflects a market value of \$579,132 or \$224.91 per square foot of living area, including land, which falls within the range established by the comparable sales in the record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant did not prove by a preponderance of

the evidence that the subject estimated market value as reflected by its assessment was excessive. Based on this record, the Board finds a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
