

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Maurice Mazz
DOCKET NO.: 20-04689.001-R-1
PARCEL NO.: 15-05-208-064

The parties of record before the Property Tax Appeal Board are Maurice Mazz, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$38,118
IMPR.: \$68,872
TOTAL: \$106,990

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 3-story townhome of brick exterior construction with 2,209 square feet of living area. The dwelling was constructed in 2010. Features of the home include a concrete slab foundation, central air conditioning, and a 440 square foot garage. The property has a 1,590 square foot site and is located in Vernon Hills, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on five comparable sales presented in two grid analyses. The comparables are located within 0.12 of a mile from the subject and have 1,289 or 1,512 square foot sites improved with 3-story townhomes of brick or frame with brick exterior construction. The homes have 2,037 or 2,087 square feet of living area and were built in 2006 or 2010. Each home has central air conditioning and a 420 square foot garage. The comparables sold from February 2019 to June 2020 for prices ranging from \$260,000 to \$330,000 or from \$127.64 to

\$158.12 per square foot of living area, including land, with two sales reported for comparable #5. Based on this evidence the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$106,990. The subject's assessment reflects a market value of \$321,388 or \$145.49 per square foot of living area, land included, when using the 2020 three year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on five comparable sales where comparable #4 is the same property as the appellant's comparable #5. The comparables are located within 0.12 of a mile from the subject. The parcels range in size from 1,510 to 2,300 square feet of land area and are improved with 3-story townhomes of brick exterior construction ranging in size from 2,087 to 2,209 square feet of living area. The dwellings were built from 2006 to 2013. Each home has a concrete slab foundation and a 440 square foot garage. The comparables sold from April 2019 to May 2020 for prices ranging from \$323,000 to \$330,000 or from \$146.45 to \$158.12 per square foot of living area, including land. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of ten comparable sales, with one common sale and one property with two sales, for the Board's consideration. These comparables are similar to the subject in dwelling size, age, location, lot size, and most features and sold from February 2019 to June 2020 for prices ranging from \$260,000 to \$330,000 or from \$127.64 to \$158.12 per square foot of living area, including land. The subject's assessment reflects a market value of \$321,388 or \$145.49 per square foot of living area, including land, which is within the range established by the comparable sales in this record. Based on this evidence and after considering appropriate adjustments to the comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
