

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Patrick Todd
DOCKET NO.: 20-04700.001-R-1
PARCEL NO.: 15-04-101-020

The parties of record before the Property Tax Appeal Board are Patrick Todd, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$23,297
IMPR.: \$112,202
TOTAL: \$135,499

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of wood siding exterior construction with 2,662 square feet of living area. The dwelling was constructed in 1975 and has an effective age of 1977. Features of the home include a crawl space foundation, central air conditioning, a fireplace, and a 372 square foot garage. The property has a 6,500 square foot site and is located in Vernon Hills, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales presented in two grid analyses. The comparables are located within 0.57 of a mile from the subject. The parcels range in size from 5,514 to 8,343 square feet of land area and are improved with 2-story homes of frame exterior construction ranging in size from 2,223 to 2,347 square feet of living area. The dwellings were built from 1976 to 1979. The appellant reported that comparable #2 was recently rehabbed.

Each home has central air conditioning and a garage ranging in size from 372 to 462 square feet of building area. Three homes each have a fireplace. The comparables sold from April 2019 to July 2020¹ for prices ranging from \$300,000 to \$390,000 or from \$133.15 to \$166.17 per square foot of living area, including land. Based on this evidence the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$135,499. The subject's assessment reflects a market value of \$407,026 or \$152.90 per square foot of living area, land included, when using the 2020 three year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on three comparable sales where comparable #2 is the same property as the appellant's comparable #4. The board of review did not report sales data for comparables #1 and #3, and consequently, these two sales will not be further considered by the Board. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of four comparable sales, with one common sale, for the Board's consideration. The Board gives less weight to the appellant's comparable #2, which is a substantially smaller home than the subject dwelling.

The Board finds the best evidence of market value to be the appellant's comparables #1 and #3 and the appellant's comparable #4/board of review's comparable #2, which are relatively similar to the subject in dwelling size, age, location, site size, and features, although these comparables are smaller homes than the subject, suggesting upward adjustments to these comparables would be needed to make them more equivalent to the subject. These most similar comparables sold in April 2019 and February 2020 for prices ranging from \$312,500 to \$390,000 or from \$133.15 to \$166.17 per square foot of living area, including land. The subject's assessment reflects a market value of \$407,026 or \$152.90 per square foot of living area, including land, which is above the range established by the best comparable sales in terms of total market value and within the range on a price per square foot basis, which is justified given the subject's larger dwelling size when compared to the best comparables. Based on this evidence and after considering appropriate adjustments to the best comparables for differences from the subject, the Board finds a reduction in the subject's assessment is not justified.

¹ The appellant submitted a listing sheet for comparable #2 disclosing a July 2020 sale of this property.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
