

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Sean Malia  
DOCKET NO.: 20-04716.001-R-1  
PARCEL NO.: 14-31-202-004

The parties of record before the Property Tax Appeal Board are Sean Malia, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$41,403  
**IMPR.:** \$132,627  
**TOTAL:** \$174,030

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of brick and frame exterior construction with 2,760 square feet of living area. The dwelling was constructed in 1969. Features of the home include a basement, central air conditioning, a fireplace, and a 484 square foot garage. The property has a 20,441 square foot site and is located in Barrington, Ela Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on nine comparable sales presented in two grid analyses. The comparables are located within 0.62 of a mile from the subject. The parcels range in size from 19,696 to 26,050 square feet of land area and are improved with 1.5-story or 2-story homes<sup>1</sup> of

---

<sup>1</sup> The board of review reported comparable #9, which is common to both parties, is a 1.5-story home which was not refuted by the appellant in written rebuttal. The board of review also reported this comparable has 2,966 square feet of living area.

brick or brick and frame exterior construction ranging in size from 2,565 to 3,230 square feet of living area. The dwellings were built from 1966 to 1969 with comparable #2 having an effective age of 1971. Each home has a basement, two of which are walkout basements, central air conditioning, one or two fireplaces, and a garage with 483 to 616 square feet of building area. The comparables sold from January 2019 to July 2020 for prices ranging from \$410,000 to \$582,500 or from \$150.40 to \$210.53 per square foot of living area, including land. Based on this evidence the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$174,030. The subject's assessment reflects a market value of \$522,770 or \$189.41 per square foot of living area, land included, when using the 2020 three year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on five comparable sales where comparables #3 and #4 are the same properties as the appellant's comparables #4 and #9, respectively. The comparables are located within 0.62 of a mile from the subject. The parcels range in size from 18,790 to 26,050 square feet of land area and are improved with 1.5-story or 2-story homes of brick or brick and wood siding exterior construction ranging in size from 2,565 to 2,966 square feet of living area. The dwellings were built from 1966 to 1971. Four homes each have a basement and one home has a concrete slab foundation. Each home has central air conditioning, one or two fireplaces, and a garage ranging in size from 462 to 616 square feet of building area. The comparables sold from December 2019 to September 2020 for prices ranging from \$540,000 to \$762,500 or from \$192.18 to \$273.00 per square foot of living area, including land. Based on this evidence the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of twelve comparable sales, with two common sales, for the Board's consideration. The Board gives less weight to the appellant's comparables #1 and #8 and the board of review's comparable #2, due to substantial differences from the subject in dwelling size or foundation type. The Board gives less weight to the appellant's comparable #5 and the board of review's comparable #5, which sold for considerably less or more than other comparables in this record and appear to be outliers.

The Board finds the best evidence of market value to be the appellant's comparables #2, #3, #6, and #7, the appellant's comparable #4/board of review's comparable #3, the appellant's comparable #9/board of review's comparable #4, and the board of review's comparable #1, which are similar to the subject in dwelling size, age, location, lot size, and features. These most

similar comparables sold from July 2019 to July 2020 for prices ranging from \$535,000 to \$570,000 or from \$164.77 to \$210.53 per square foot of living area, including land. The subject's assessment reflects a market value of \$522,770 or \$189.41 per square foot of living area, including land, which is below the range established by the best comparable sales in terms of total market value and within the range on a price per square foot basis. Based on this evidence and after considering appropriate adjustments to the best comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
