

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Simon Jin
DOCKET NO.: 20-04738.001-R-1
PARCEL NO.: 15-05-208-089

The parties of record before the Property Tax Appeal Board are Simon Jin, the appellant(s), by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$40,023
IMPR.: \$66,633
TOTAL: \$106,656

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 3-story townhouse of brick exterior construction with 2,087 square feet of living area. The dwelling was constructed in 2008. Features of the home include a concrete-slab foundation, central air conditioning and a 420 square foot garage. The property has an approximately 1,290 square foot site and is located in Vernon Hills, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on three¹ comparable sales presented in two grid analyses. The comparables are located within 0.09 of a mile from the subject and have sites of 1,289 or 1,512 square feet of land area and are improved with 3-story townhomes of brick exterior construction

¹ The appellant's comparable #3 is the same property as the board of review comparable #3. The comparable is reporting two sale dates of February 2019 for \$322,00 and December 2019 for \$330,000.

that have 2,087 square feet of living area. The dwellings were built in 2006. Each comparable has a concrete-slab foundation, central air conditioning and a garage with 420 square feet of building area. The properties sold from September 2019 to June 2020 for prices ranging from \$279,000 to \$322,000 or from \$133.68 to \$154.29 per square foot of living area, including land. Based on this evidence the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$106,656. The subject's assessment reflects a market value of \$320,385 or \$153.51 per square foot of living area, land included, when using the 2020 three-year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on three comparable sales. The comparables are located within 0.09 of a mile from the subject and have sites of 1,510 or 2,300 square feet of land area and are improved with 3-story townhomes of brick exterior construction that range in size from 2,087 to 2,189 square feet of living area. The dwellings were built from 2006 to 2012. Each comparable has a concrete-slab foundation, central air conditioning and a garage with either 420 or 440 square feet of building area. The properties sold from December 2019 to May 2020 for prices of \$324,900 or \$330,000 or from \$148.42 to \$158.12 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of five suggested comparable sales for the Board's consideration with one common comparable with two sale dates. These comparables are similar to the subject in foundation, location, dwelling size, age and some features. The properties sold from February 2019 to June 2020 for prices ranging from \$279,000 to \$330,000 or from \$133.68 to \$158.12 per square foot of living area, including land. The subject's assessment reflects a market value of \$320,385 or \$153.51 per square foot of living area, including land, which falls within the range established by the best comparable sales in the record. Based on this record and after considering adjustments to the comparables sales for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
