

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Gireesh Kumar Purupuruthan
DOCKET NO.: 20-04740.001-R-1
PARCEL NO.: 14-30-204-019

The parties of record before the Property Tax Appeal Board are Gireesh Kumar Purupuruthan, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds No Change in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$23,994
IMPR.: \$103,411
TOTAL: \$127,405

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of wood siding exterior construction with approximately 1,990 square feet of living area. The dwelling was constructed in 1989. Features of the home include a basement, central air conditioning, a fireplace and a 400 square foot garage. The property has an approximately 10,290 square foot site and is located in Lake Zurich, Ela Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on seven comparable sales presented in two grid analyses. The comparables are located within 0.19 of a mile from the subject and have sites ranging from 10,049 to 14,557 square feet of land area and are improved with 2-story dwellings of frame exterior construction ranging in size from 1,990 to 2,364 square feet of living area. The dwellings were built from 1988 to 1990. Each comparable has a basement, central air conditioning, one fireplace and a garage with either 400 or 512 square feet of building area. The properties sold from March 2019 to March 2020 for prices ranging from \$337,000 to \$421,000

or from \$153.18 to \$184.92 per square foot of living area, including land. Based on this evidence the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$127,405. The subject's assessment reflects a market value of \$382,713 or \$192.32 per square foot of living area, land included, when using the 2020 three-year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on five comparable sales. The comparables are located within 0.19 of a mile from the subject and have sites ranging in size from 10,170 to 11,830 square feet of land area and are improved with 2-story dwellings of wood siding exterior construction that contain 1,990 square feet of living area. The dwellings were built in 1988 or 1989. Each comparable has a basement, central air conditioning, one fireplace and a garage containing 400 square feet of building area. The properties sold from July to November 2020 for prices ranging from \$385,000 to \$407,500 or from \$193.47 to \$204.77 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of twelve suggested comparable sales for the Board's consideration. The Board gave less weight to the appellant's comparables #1 through #6 based on being less similar to the subject in dwelling size and/or lot size than the remaining comparables in the record.

The Board finds the best evidence of market value to be the appellant's comparable #7 along with the board of review comparables. These comparables are identical to the subject in foundation, location, dwelling size, and some features and are similar to the subject in age and lot size. The properties sold from August 2019 to November 2020 for prices ranging from \$368,000 to \$407,500 or from \$184.92 to \$204.71 per square foot of living area, including land. The subject's assessment reflects a market value of \$382,713 or \$192.32 per square foot of living area, including land, which falls within the range established by the best comparable sales in the record. Based on this record and after considering adjustments to the comparables sales for differences when compared to the subject, based on this evidence the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
