

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Janet Czosek
DOCKET NO.: 20-04755.001-R-1
PARCEL NO.: 14-23-301-034

The parties of record before the Property Tax Appeal Board are Janet Czosek, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 50,899
IMPR.: \$157,564
TOTAL: \$208,463

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior construction with 4,214 square feet of living area. The dwelling was constructed in 1988. Features of the home include a lookout-style basement, central air conditioning, four fireplaces and an 800 square foot garage. The property has a 57,810 square foot site and is located in Long Grove, Ela Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on five comparable sales located in the same assessment neighborhood code as the subject property. The parcels range in size from 56,411 to 83,450 square feet of land area which are improved with two-story dwellings of brick or brick and frame exterior construction. The dwellings were built from 1987 to 1989 and range in size from 3,862 to 4,558 square feet of living area. Each dwelling has an unfinished basement where comparable

#1 is a walkout-style. Features include central air conditioning, one or three fireplaces and a garage ranging in size from 703 to 910 square feet of building area. Appellant's comparable #3 according to the Multiple Listing Service (MLS) data sheet was rehabbed in 2012. The comparables sold from September 2017 to December 2019 for prices ranging from \$450,000 to \$621,000 or from \$104.00 to \$158.50 per square foot of living area, including land.

Based on this evidence, the appellant requested a reduced total assessment of \$192,420 which would reflect a market value of approximately \$577,318 or \$137.00 per square foot of living area, including land, when applying the statutory level of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$208,463. The subject's assessment reflects a market value of \$626,203 or \$148.60 per square foot of living area, land included, when using the 2020 three year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

As part of its response, the board of review submitted a copy of the May 5, 2021 Multiple Listing Service (MLS) listing of the subject property for 70 days with an asking price of \$799,900. Portions of the listing were highlighted noting there were "multiple offers" and a deadline of May 8 at 8 p.m. for the highest and best offer, with no exceptions. The description further depicted the subject has a finished basement and a large pond with a dock.

In support of its contention of the correct assessment the board of review submitted information on three comparable sales located in the same assessment neighborhood code as the subject property. The parcels range in size from 65,640 to 84,910 square feet of land area which are improved with two-story dwellings of brick exterior construction. The dwellings were built from 1988 to 2004 and range in size from 3,522 to 4,026 square feet of living area. Each dwelling has an unfinished basement, central air conditioning, one or two fireplaces and a garage ranging in size from 690 to 967 square feet of building area. The comparables sold in either September 2019 or September 2020 for prices ranging from \$555,000 to \$652,500 or from \$156.09 to \$162.07 per square foot of living area, including land. Based on the foregoing evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight comparable sales and the May 2021 asking price of the subject property to support their respective positions before the Property Tax Appeal Board. The Board has given reduced weight to appellant's comparables #1 and #2 due to the walkout-style basement feature and the dated 2017 sale price, respectively, given the issue herein is the best evidence of the subject's estimated market value as of January 1, 2020.

The Board finds the best evidence of market value to be appellant's comparable sales #3, #4 and #5 and the three board of review comparable sales along with the May 2021 listing of the subject property, which usually indicates the upper range of value of a property. These most similar comparables sold or were listed from March 2018 to May 2021 for prices ranging from \$535,000 to \$799,900 or from \$138.53 to \$189.82 per square foot of living area, including land. The subject's assessment reflects a market value of \$626,203 or \$148.60 per square foot of living area, including land, which is within the range established by the best comparable sales and the listing of the subject property from May 2021 as shown in this record. Based on this evidence, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
