

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Andrew McCauley
DOCKET NO.: 20-04764.001-R-1
PARCEL NO.: 14-06-301-013

The parties of record before the Property Tax Appeal Board are Andrew McCauley, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$57,757
IMPR.: \$157,783
TOTAL: \$215,540

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick and wood siding exterior construction with 4,421 square feet of living area.¹ The dwelling was constructed in 1998. Features of the home include an unfinished walk-out style basement, central air conditioning, three fireplaces, and a garage containing 760 square feet of building area. The property has an approximately 48,530 square foot site and is located in North Barrington, Ela Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales located within .95 of a mile and within

¹ The appellant reported that the subject has a dwelling size of 4,421 square feet of living area, while the board of review reported the subject's dwelling size as 4,393 square feet of living area. The Board finds that this minor discrepancy does not impact the Board's decision in this appeal.

the same assessment neighborhood as the subject. The comparables consist of two-story dwellings of brick or brick and frame exterior construction ranging in size from 3,833 to 4,649 square feet of living area. The homes were built from 1988 to 1996. Each dwelling has central air conditioning, two or three fireplaces, an unfinished basement with one being a walk-out style, and a garage ranging in size from 808 to 1,024 square feet of building area. The parcels range in size from 36,115 to 56,352 square feet of land area. The comparables sold from August 2019 to April 2020 for prices ranging from \$472,816 to \$550,000 or from \$122.40 to \$140.88 per square foot of living area, including land. Based on this evidence, the appellant requested a reduced assessment of \$166,508, for an estimated market value of \$499,574 or \$113.00 per square foot of living area, including land, when applying the statutory level of assessment of 33.33% when using a dwelling size of 4,421 square feet of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$215,540. The subject's assessment reflects a market value of \$647,462 or \$147.38 per square foot of living area, land included, when using the 2020 three-year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue, and using a dwelling size of 4,393 square feet of living area.

In support of its contention of the correct assessment the board of review submitted information on three comparable sales located within one mile of the subject and within the same assessment neighborhood as the subject. The comparables consist of two-story dwellings of brick exterior construction ranging in size from 4,202 to 5,050 square feet of living area. The dwellings were built from 1988 to 1999. Each dwelling has central air conditioning, two or three fireplaces, an unfinished basement with one being a walk-out style, and a garage containing either 768 or 1,263 square feet of building area. Comparable #2 has a fully finished attic. The parcels range in size from 30,270 to 43,990 square feet of land area. The comparables sold in October 2020 for prices ranging from \$765,000 to \$950,000 or from \$162.38 to \$189.58 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of seven comparable sales to support their respective positions before the Property Tax Appeal Board. The Board gives less weight to the appellant's comparable #1 and #3, as well as board of review comparable #2, due to differences in age when compared to the subject.

The Board finds the best evidence of market value to be appellant's comparable sales #2 and #4 along with board of review comparable sales #1 and #3, which are similar to the subject in age, dwelling size, and most features. These most similar comparables sold for prices ranging from

\$472,816 to \$950,000 or from \$122.40 to \$189.58 per square foot of living area, including land. The subject's assessment reflects a market value of \$647,462 or \$147.38 per square foot of living area, including land, which is within the range established by the best comparable sales in this record. Based on this evidence and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
