

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Beata Nyc
DOCKET NO.: 20-04773.001-R-1
PARCEL NO.: 14-22-404-002

The parties of record before the Property Tax Appeal Board are Beata Nyc, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$48,919
IMPR.: \$188,408
TOTAL: \$237,327

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior construction with 3,938 square feet of living area. The dwelling was constructed in 1997. Features of the home include an unfinished basement, central air conditioning, a fireplace, and a garage containing 759 square feet of building area. The property has an approximately 58,260 square foot site and is located in Kildeer, Ela Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on five comparable sales located within .27 of a mile of the subject and within the same assessment neighborhood as the subject. The comparables consist of two-story dwellings of brick, frame, or brick and frame exterior construction ranging in size from 3,174 to 4,520 square feet of living area. The homes were built from 1989 to 1999. Each dwelling has central air conditioning, one or two fireplaces, a basement with three having

finished area,¹ and a garage ranging in size from 726 to 984 square feet of building area. The parcels range in size from 43,180 to 143,771 square feet of land area. The comparables sold from April 2019 to January 2020 for prices ranging from \$480,000 to \$850,000 or from \$151.23 to \$228.99 per square foot of living area, including land. Based on this evidence, the appellant requested a reduced assessment of \$223,131, for an estimated market value of \$669,460 or \$170.00 per square foot of living area, including land, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$237,327. The subject's assessment reflects a market value of \$712,908 or \$181.03 per square foot of living area, land included, when using the 2020 three-year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on five comparable sales located within .87 of a mile of the subject, two of which are within the same assessment neighborhood as the subject. Comparables #1 and #2 are the same properties as appellant comparables #5 and #4, respectively, and described above. The remaining comparables consist of two-story dwellings of wood siding or brick exterior construction ranging in size from 3,363 to 4,050 square feet of living area. The dwellings were built from 1988 to 2016. Each dwelling has central air conditioning, one or two fireplaces, an unfinished basement, and a garage ranging in size from 660 to 869 square feet of building area. The parcels range in size from 20,000 to 48,860 square feet of land area. The comparables sold from June 2019 to August 2020 for prices ranging from \$710,000 to \$849,000 or from \$191.36 to \$215.32 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight comparable sales to support their respective positions before the Property Tax Appeal Board, with two comparables being common to the parties. The Board gives less weight to the appellant's comparables #1, #2, #4, and #5, which include the common comparables, due to their finished basements and/or larger parcels compared to the subject. The Board also gives reduced weight to board of review comparables #4 and #5 due to differences in age compared to the subject.

¹ The appellant submitted property sketches and Multiple Listing Service listing sheets that note comparables #1, #2, and #4 have finished basement area.

The Board finds the best evidence of market value to be appellant's comparable sale #3 and board of review comparable sale #3, which are similar to the subject in age, dwelling size, and features. These most similar comparables sold for prices of \$730,000 and \$775,000 or for \$161.50 and \$191.36 per square foot of living area, including land. The subject's assessment reflects a market value of \$712,908 or \$181.03 per square foot of living area, including land, which falls below the best comparable sales in this record overall and is bracketed by the best comparables on a per-square-foot basis. Based on this evidence and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
