

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Catherine Johnson
DOCKET NO.: 20-04777.001-R-1
PARCEL NO.: 14-22-107-032

The parties of record before the Property Tax Appeal Board are Catherine Johnson, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$37,944
IMPR.: \$202,863
TOTAL: \$240,807

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior construction with 4,453 square feet of living area. The dwelling was constructed in 2006. Features of the home include a basement with finished area,¹ central air conditioning, two fireplaces, and a garage containing 640 square feet of building area. The property has an approximately 12,490 square foot site and is located in Lake Zurich, Ela Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on five comparable sales located within 1.8 miles of the subject,

¹ Although the appellant's grid lists no finished basement area, the board of review submitted a Multiple Listing Service (MLS) listing sheet noting that the subject's "English basement has it all with second family room with fireplace, 5th bedroom, large bathroom with heated floors, recreation area, workshop, wine cellar, an area for a kitchen, a 2nd laundry room, [and] multiple storage rooms."

two of which are in the same assessment neighborhood as the subject. The comparables consist of two-story dwellings of brick, frame, or brick and frame exterior construction ranging in size from 3,650 to 4,752 square feet of living area. The homes were built from 1997 to 2008 with comparable #3 having an effective age of 2000. Each dwelling has central air conditioning, one to three fireplaces, a basement with one having finished area,² and a garage ranging in size from 441 to 906 square feet of building area. The parcels range in size from 10,906 to 19,543 square feet of land area. The comparables sold from May 2019 to June 2020 for prices ranging from \$460,000 to \$760,000 or from \$126.03 to \$163.32 per square foot of living area, including land. Based on this evidence, the appellant requested a reduced assessment of \$198,881, for an estimated market value of \$592,703 or \$134.00 per square foot of living area, including land, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$240,807. The subject's assessment reflects a market value of \$723,361 or \$162.44 per square foot of living area, land included, when using the 2020 three-year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on two comparable sales located within 2.8 miles of the subject. The comparables consist of two-story dwellings of wood siding or brick exterior construction containing either 4,454 or 4,712 square feet of living area. The dwellings were built in 2003 and 2005 with comparable #2 having an effective age of 2006. Each dwelling has central air conditioning, two fireplaces, an unfinished basement, and a garage containing either 589 or 860 square feet of building area. The parcels contain either 15,250 or 32,230 square feet of land area. The comparables sold in June 2019 and September 2020 for prices of \$775,000 and \$805,000 or for \$170.84 and \$174.00 per square foot of living area, including land. The board of review also submitted an MLS listing sheet for the subject which states that the subject sold in June 2021 for \$865,000. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of seven comparable sales to support their respective positions before the Property Tax Appeal Board. The Board gives less weight to the appellant's comparables #1 through #3, as well as the board of review's comparables, which are located more than one mile from the subject.

² The appellant also submitted property sketches for the comparables. The sketch for comparable #3 notes that the dwelling has a finished basement.

The Board finds the best evidence of market value to be appellant's comparable sales #4 and #5, which are similar to the subject in age, dwelling size, location, and features noting that these comparables lack finished basement area suggesting upward adjustments would be necessary to make them more equivalent to the subject. These most similar comparables sold for prices of \$675,000 and \$760,000 or for \$159.93 and \$163.32 per square foot of living area, including land. The subject's assessment reflects a market value of \$723,361 or \$162.44 per square foot of living area, including land, which is within the range established by the best comparable sales in this record. Based on this evidence and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
