

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Sachin Thatte
DOCKET NO.: 20-04877.001-R-1
PARCEL NO.: 15-29-314-007

The parties of record before the Property Tax Appeal Board are Sachin Thatte, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$27,690
IMPR.: \$88,944
TOTAL: \$116,634

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of wood siding exterior construction with 2,136 square feet of living area. The dwelling was constructed in 1970. Features of the home include a crawl space foundation, central air conditioning, and a 440 square foot garage. The property has an 8,775 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales located within .34 of a mile from the subject. The comparables have sites ranging in size from 8,767 to 11,595 square feet of land area and are improved with 2-story dwellings of frame exterior construction with 2,136 or 2,352 square feet of living area. The dwellings were constructed from 1970 to 1972. The comparables each have central air conditioning, one or two fireplaces, and a garage with 440 square feet of

building area. The appellant reported comparable #2 was a rehab in 2013. The comparables sold from April 2019 to January 2020 for prices ranging from \$300,310 to \$335,000 or from \$140.59 to \$156.84 per square foot of living area, land included. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$116,634. The subject's assessment reflects a market value of \$350,357 or \$164.03 per square foot of living area, land included, when using the 2020 three year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on five comparable sales located within .57 of a mile from the subject. The properties have sites ranging in size from 8,770 to 11,400 square feet of land area and are improved with 2-story dwellings of wood siding exterior construction. Each dwelling has 2,136 square feet of living area and was built from 1969 to 1973. Four comparables have basements, one of which has finished area and one comparable has a crawl space foundation. Each comparable has central air conditioning, one fireplace and a garage with 440 square feet of building area. The comparables sold from May 2019 to October 2020 for prices ranging from \$370,000 to \$415,375 or from \$173.22 to \$194.46 per square foot of living area, land included. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains nine comparable sales for the Board's consideration. The Board gives less weight to appellant's comparable #2 which is less similar to the subject in dwelling size and to board of review comparables #1, #2, #4 and #5 due to their basement foundation which is not a feature of the subject.

The Board finds the best evidence of market value to be appellant's comparables #1, #3 and #4 as well as board of review comparable #3 which are identical in dwelling and similar in location, age, design, and features when compared to the subject. These comparables sold from April 2019 to July 2020 for prices ranging from \$300,310 to \$385,000 or from \$140.59 to \$180.24 per square foot of living area, including land. The subject's assessment reflects a market value of \$350,357 or \$164.03 per square foot of living area, including land, which falls within the range established by the best comparable sales in the record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the subject's estimated market value as reflected by its assessment is supported. Based on this evidence, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
