

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Felicia Osler
DOCKET NO.: 20-04882.001-R-1
PARCEL NO.: 06-34-401-215

The parties of record before the Property Tax Appeal Board are Felicia Osler, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,649
IMPR.: \$72,080
TOTAL: \$75,729

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story townhome of vinyl siding exterior construction with 1,584 square feet of living area. The dwelling was constructed in 2018. Features of the home include an unfinished basement and central air conditioning. The property has an approximately 1,060 square foot site and is located in Grayslake, Avon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales located in the same assessment neighborhood code as the subject property. The comparables have sites that range in size from 1,451 to 1,803 square feet of land area and are improved with two-story dwellings, one of which has wood frame exterior construction, that range in size from 1,464 to 1,728 square feet of living area. The dwellings were built in 2017. Each comparable is reported to have central air conditioning and one comparable has a 380 square foot garage. The properties are reported to

have sold from January 1900 to May 2020 for prices ranging from \$195,000 to \$222,800 or from \$118.13 to \$133.20 per square foot of living area, land included. Based on this evidence, the appellant requested the subject's total assessment be reduced to \$63,354 which reflects a market value of \$190,081 or \$120.00 per square foot of living area, land included, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$75,729. The subject's assessment reflects a market value of \$227,483 or \$143.61 per square foot of living area, land included, when using the 2020 three-year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on three comparable sales located within 0.11 of a mile from the subject property. The comparables have sites that range in size from 950 to 1,290 square feet of land area and are improved with two-story townhomes of vinyl siding exterior construction that range in size from 1,400 to 1,728 square feet of living area. The homes were built in 2017 or 2018. Each comparable has a basement, one with finished area, and central air conditioning. The properties sold from April 2019 to October 2020 for prices ranging from \$229,000 to \$252,500 or from \$146.12 to \$163.57 per square foot of living area, land included. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted six comparable sales for the Board's consideration. The Board gives less weight to the appellant's comparables which differ in foundation type when compared to the subject. Additionally, the appellant's comparable #1 has a reported sale date of January 1900, along with other missing information, calling into question the validity of the sale.

The Board finds the best evidence of market value to be the board of review's comparables which are more similar to the subject in location, age, design, dwelling size and other features. These best comparables sold from April 2019 to October 2020 for prices ranging from \$229,000 to \$252,500 or from \$146.12 to \$163.57 per square foot of living area, including land. The subject's assessment reflects a market value of \$227,483 or \$143.61 per square foot of living area, including land, which falls below the range established by the best comparable sales in this record. After considering appropriate adjustments to the comparables for differences from the subject, the Board finds the subject's assessment is justified, and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
