

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Anthony Lijovic
DOCKET NO.: 20-04908.001-R-1
PARCEL NO.: 07-20-407-006

The parties of record before the Property Tax Appeal Board are Anthony Lijovic, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$25,682
IMPR.: \$121,964
TOTAL: \$147,646

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of wood siding exterior construction with 3,140 square feet of living area. The dwelling was constructed in 2017. Features of the home include a full walkout basement, central air conditioning, and a 762 square foot garage. The property has a 12,262 square foot site and is located in Gurnee, Warren Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales located either .90 of a mile or 1.57 miles from the subject. The comparables have sites ranging in size from 9,531 to 15,246 square feet of land area and are improved with 2-story dwellings of wood frame exterior construction ranging in size from 3,241 or 3,521 square feet of living area. The dwellings were constructed in 2003. The comparables each have central air conditioning and a garage ranging in size from 506 to 696 square feet of building area. Two comparables each have a fireplace. The comparables

sold from May 2019 to April 2020 for prices ranging from \$325,000 to \$385,000 or from \$100.03 to \$109.34 per square foot of living area, land included. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$147,646. The subject's assessment reflects a market value of \$443,515 or \$141.25 per square foot of living area, land included, when using the 2020 three year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on five comparable sales located within .14 of a mile from the subject. The properties have sites ranging in size from 8,520 to 10,690 square feet of land area and are improved with 2-story dwellings of wood siding exterior construction. Each dwelling ranges in size from 3,152 to 3,314 square feet of living area and was built from 2017 to 2019. The comparables are reported to each have a full unfinished basement, central air conditioning, and a garage ranging in size from 460 to 640 square feet of building area. The comparables sold from April 2019 to December 2020 for prices ranging from \$426,280 to \$458,990 or from \$129.41 to \$145.62 per square foot of living area, land included. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains eight comparable sales for the Board's consideration. The Board gives less weight to appellant's comparables which are less similar to the subject in location and age when compared to the subject.

The Board finds the best evidence of market value to be the board of review comparables which overall are more similar to the subject in location, age, design, dwelling size and features when compared to the subject. These comparables sold from April 2019 to December 2020 for prices ranging from \$426,280 to \$458,990 or from \$129.41 to \$145.62 per square foot of living area, including land. The subject's assessment reflects a market value of \$443,515 or \$141.25 per square foot of living area, including land, which falls within the range established by the best comparable sales in the record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the subject's estimated market value as reflected by its assessment is supported. Based on this evidence, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
