

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Michael Katona
DOCKET NO.: 20-04961.001-R-1
PARCEL NO.: 07-30-406-022

The parties of record before the Property Tax Appeal Board are Michael Katona, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$12,177
IMPR.: \$52,816
TOTAL: \$64,993

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a ranch style dwelling of wood siding exterior construction with 1,260 square feet of living area. The dwelling was constructed in 1977. Features of the home include a full basement with finished area, central air conditioning, and a 528 square foot garage. The property has an approximately 10,260 square foot site and is located in Grayslake, Warren Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on eleven comparable sales with the same assessment neighborhood code as the subject property and with ten reported to be located within 0.82 of a mile from the subject. The comparables have sites that range in size from 8,102 to 13,525 square feet of land area. The comparables are improved with 1-story dwellings ranging in size from 1,025 to 1,392 square feet of living area. The dwellings were built from 1950 to 1965. The

appellant reported that each comparable has an unfinished basement. Seven comparables each have central air conditioning, four comparables each have one fireplace, and nine comparables each have a 220 to 600 square foot garage. The properties sold from January 2019 to April 2020 for prices ranging from \$110,000 to \$212,500 or from \$107.32 to \$161.97 per square foot of living area, land included. Based on this evidence, the appellant requested an assessment reduction.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$64,993. The subject's assessment reflects a market value of \$195,233 or \$154.95 per square foot of living area, land included, when using the 2021 three-year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on five comparable sales located within 0.69 of a mile from the subject and with three having the same assessment neighborhood code as the subject property. Board of review comparable #1 is the same property as the appellant's comparable #1. The comparables have sites that range in size from 8,100 to 12,860 square feet of land area. These comparables are improved with ranch style dwellings of wood siding exterior construction ranging in size from 880 to 1,406 square feet of living area. The dwellings were built from 1957 to 1968. Four comparables each have a basement with finished area and one comparable has a crawl space foundation. Each comparable has central air conditioning and four comparables have a garage ranging in size from 220 to 440 square feet of building area. The properties sold from July 2019 to November 2020 for prices ranging from \$209,000 to \$229,900 or from \$160.03 to \$237.50 per square foot of living area, land included. Based on this evidence, the board of review requested the subject's assessment be sustained.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains fifteen suggested comparable sales for the Board's consideration, which includes the parties' one common comparable. The Board gives less weight to the appellant's comparable #1/board of review comparable #1 and the appellant's comparable #8 which differ from the subject in dwelling size. The Board gives less weight to the appellant's comparables #2, #4, #5, #7, #9, and #10 which lack garages, lack central air conditioning, and/or have a fireplace, when compared to the subject. The Board also gives less weight to the board of review comparables #2 through #5 which differ from the subject in dwelling size or lacks a basement, which is a feature of the subject.

The Board finds the best evidence of market value to be the appellant's comparables #3, #6, and #10 which are overall more similar to the subject in location, age, dwelling size, and other

features. The three properties sold from June 2019 to January 2020 for prices ranging from \$150,000 to \$208,000 or from \$130.21 to \$155.69 per square foot of living area, land included. The subject's assessment reflects a market value of \$195,233 or \$154.95 per square foot of living area, land included, which falls within the range established by the best comparables sales in the record. Based on the record and after considering adjustments to the best comparables for differences from the subject, the Board finds a reduction in the subject's estimated market value as reflected by its assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
