

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Brad Stenzel
DOCKET NO.: 20-04981.001-R-1
PARCEL NO.: 06-23-301-043

The parties of record before the Property Tax Appeal Board are Brad Stenzel, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$13,246
IMPR.: \$73,379
TOTAL: \$86,625

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a part one-story and part two-story dwelling¹ of vinyl siding exterior construction with 2,087 square feet of living area. The dwelling was constructed in 1991. Features of the home include an unfinished basement, central air conditioning, one fireplace and a 420 square foot garage. The property has an approximately 8,440 square foot site and is located in Grayslake, Avon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales located within 0.89 of a mile from the subject property. The comparables have sites that range in size from 6,599 to 9,213 square feet

¹ The Board finds the best description of the subject dwelling was reported in the subject's property record submitted by the board of review which contains a sketch of the subject improvement.

of land area and are improved with one-story dwellings² with either 1,764 or 2,087 square feet of living area, each built in 1992. Each comparable has a basement, central air conditioning, one fireplace and a garage with 396 or 420 square feet of building area. The properties sold from February 2019 to May 2020 for prices ranging from \$145,000 to \$300,000 or from \$82.20 to \$143.75 per square foot of living area, land included. Based on this evidence, the appellant requested the subject's total assessment be reduced to \$79,298 which reflects a market value of \$237,918 or \$114.00 per square foot of living area, land included, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$86,625. The subject's assessment reflects a market value of \$260,213 or \$124.68 per square foot of living area, land included, when using the 2020 three-year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on five comparable sales located from 0.32 of a mile to 1.11 miles from the subject property. Board of review comparable #3 is the same property as the appellant's comparable #3. The comparables have sites that range in size from 6,600 to 9,210 square feet of land area and are improved with one-story³ or two-story dwellings of vinyl siding exterior construction that range in size from 2,022 to 2,148 square feet of living area. The homes were built from 1992 to 1995. Each comparable has a basement, with two having finished area. Each dwelling has central air conditioning, one fireplace and a garage ranging in size from 380 to 420 square feet of building area. The properties sold from April to November 2020 for prices ranging from \$270,000 to \$305,000 or from \$133.53 to \$143.75 per square foot of living area, land included. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains seven comparable sales for the Board's consideration, as one property was common to both parties. The Board gives less weight to appellant comparable #2 which, based on its sale price and price per square foot, appears to be an outlier relative to other properties in the record. The Board gives less weight to board of review comparables #1, #2 and #4 which differ from the subject in finished basement area and/or are located less proximate to the subject than other comparables in the record.

² The Board finds appellant comparable #3, also submitted by the board of review, to be part two-story in design.

³ Board of review comparable #3 has ground floor area of 873 square feet with above ground area of 2,087 square feet, suggesting this dwelling is part two-story in design.

The Board finds the best evidence of market value to be appellant comparables #1 and #3 along with board of review comparables #3 and #5, including the common property, which are more similar to the subject in location, age, design, dwelling size and other features. These comparables sold from February 2019 to November 2020 for prices ranging from \$235,000 to \$305,000 or from \$112.60 to \$143.75 per square foot of living area, including land. The subject's assessment reflects a market value of \$260,213 or \$124.68 per square foot of living area, including land, which falls within the range established by the best comparable sales in this record. After considering appropriate adjustments to the comparables for differences from the subject, the Board finds the subject's assessment is justified and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
