

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Fred Fischer  
DOCKET NO.: 20-05010.001-R-1  
PARCEL NO.: 06-22-106-041

The parties of record before the Property Tax Appeal Board are Fred Fischer, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$13,542  
**IMPR.:** \$88,736  
**TOTAL:** \$102,278

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of vinyl siding exterior construction with 2,845 square feet of living area. The dwelling was constructed in 1997. Features of the home include an unfinished basement, central air conditioning, one fireplace, and a 484 square foot garage. The property has an approximately 15,812 square foot site and is located in Grayslake, Avon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on six comparable sales located within 0.39 of a mile from the subject property. The comparables have sites that range in size from 11,164 to 14,658 square feet of land area. The comparables are improved with 2-story dwellings ranging in size from 2,407 to 3,090 square feet of living area. The dwellings were built from 1995 to 1998. Each comparable was reported to have an unfinished basement, central air conditioning, and a 464 to

484 square foot garage. Five comparables each have one fireplace. The properties sold from August 2019 to June 2020 for prices ranging from \$240,000 to \$289,900 or from \$77.67 to \$118.40 per square foot of living area, land included. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$102,278 which reflects a market value of \$307,233 or \$107.99 per square foot of living area, land included, when using the 2020 three year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of the subject's assessment, the board of review submitted information on five comparable sales located within 0.40 of a mile from the subject property. The comparables have sites that range in size from 8,750 to 10,580 square feet of land area. These comparables are improved with 2-story dwellings of vinyl siding exterior construction that range in size from 2,683 to 3,258 square feet of living area. The dwellings were built from 1994 to 1998. Each comparable has a basement with one having finished area, central air conditioning, and a 378 to 483 square foot garage. Three comparables each have one fireplace. The properties sold from July to December 2020 for prices ranging from \$310,000 to \$335,000 or from \$100.90 to \$121.13 per square foot of living area, land included. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eleven comparable sales to support their respective positions before the Property Tax Appeal Board. The Board finds the parties' comparable sales are proximate in time to the subject's assessment date. These comparables are relatively similar to the subject in location, design, age, dwelling size, and most amenities. These properties sold from August 2019 to December 2020 for prices ranging from \$240,000 to \$335,000 or from \$77.67 to \$121.13 per square foot of living area, land included. The subject's assessment reflects a market value of \$317,576 or \$108.13 per square foot of living area, land included, which falls within the range established by the comparables in the record. Based on this evidence and after considering adjustments to the comparables for differences from the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
