

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Boyce Tankersley
DOCKET NO.: 20-05015.001-R-1
PARCEL NO.: 06-22-204-024

The parties of record before the Property Tax Appeal Board are Boyce Tankersley, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$12,367
IMPR.: \$76,414
TOTAL: \$88,781

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of vinyl siding exterior construction with 2,374 square feet of living area. The dwelling was built in 1993. Features of the home include an unfinished basement, central air conditioning, one fireplace, and a 642 square foot garage. The property has an approximately 10,620 square foot site and is located in Grayslake, Avon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on eight comparable sales located within 0.60 of a mile from the subject property. The comparables have sites that range in size from 9,871 to 12,110 square feet of land area. The comparables are improved with 2-story dwellings ranging in size from 2,274 to 2,475 square feet of living area. The dwellings were built from 1994 to 1998. Each comparable is reported to have an unfinished basement, central air conditioning, and a garage ranging in size

from 400 to 480 square feet of building area. Six comparables each have one fireplace. The properties sold from August 2019 to May 2020 for prices ranging from \$234,000 to \$281,800 or from \$97.22 to \$123.92 per square foot of living area, land included. The appellant provided supplemental notes which indicated comparable #3 had been recently rehabbed. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$88,781. The subject's assessment reflects a market value of \$266,690 or \$112.34 per square foot of living area, land included, when using the 2020 three-year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on five comparable sales located within 0.54 of a mile from the subject property. The comparables have sites that range in size from 8,500 to 11,300 square feet of land area. The comparables are improved with 2-story dwellings of vinyl siding exterior construction ranging in size from 2,170 to 2,419 square feet of living area. The dwellings were built from 1993 to 1998. Each comparable has a basement with two having finished area, central air conditioning, and a garage ranging in size from 400 to 642 square foot garage. Two comparables each have one fireplace. The properties sold from February 2019 to August 2020 for prices ranging from \$270,000 to \$310,000 or from \$121.95 to \$142.86 square foot of living area, land included. Based on this evidence, the board of review requested the subject's assessment be sustained.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains thirteen suggested comparable sales for the Board's consideration. The Board gives less weight to board of review comparables #1 and #3 which have basement finish, unlike the subject.

The Board finds the best evidence of market value to be the parties' eleven remaining comparables which are overall more similar to the subject in location, design, age, dwelling size, and most amenities. The properties sold from February 2019 to August 2020 for prices ranging from \$234,000 to \$310,000 or from \$97.22 to \$136.32 per square foot of living area, land included. The subject's assessment reflects a market value of \$266,690 or \$112.34 per square foot of living area, land included, which falls within the range established by the best comparable sales in the record. Based on the record and after considering adjustments to the best comparables for differences from the subject, the Board finds a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
