

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Logan Rosenthal  
DOCKET NO.: 20-05199.001-R-1  
PARCEL NO.: 16-32-313-048

The parties of record before the Property Tax Appeal Board are Logan Rosenthal, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$ 53,369  
**IMPR.:** \$147,461  
**TOTAL:** \$200,830

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of brick and wood siding exterior construction with 3,090 square feet of living area. The dwelling was constructed in 1986. Features of the home include an unfinished partial basement, central air conditioning, a fireplace and a 483 square foot garage. The property is located in Deerfield, West Deerfield Township, Lake County.

The appellant contends overvaluation as the basis of the appeal.<sup>1</sup> In support of this argument, the appellant submitted information on three comparable sales located in the same assessment neighborhood code as the subject property. The parcels contain either 10,794 or 10,799 square

<sup>1</sup> While this property was the subject matter of an appeal for tax year 2019 in Docket No. 19-04770.001-R-1, there is no indication in this record that the subject property is an owner-occupied dwelling as line 1b of the Residential Appeal petition was not completed.

feet of land area and have each been improved with a two-story dwelling built between 1983 and 1986. The homes range in size from 2,814 to 3,208 square feet of living area and feature basements, central air conditioning and a garage of either 483 or 506 square feet of building area. Two of the comparables each have a fireplace. In a brief, counsel for the appellant noted that comparable sales #1 and #3 each have larger garages than the subject. The properties sold from April 2018 to July 2019 for prices ranging from \$535,000 to \$615,000 or from \$166.77 to \$218.55 per square foot of living area, including land.

Based on this evidence, the appellant requested a reduced total assessment of \$176,112 which would reflect a market value of \$528,389 or \$171.00 per square foot of living area, including land, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$200,830. The subject's assessment reflects a market value of \$603,274 or \$195.23 per square foot of living area, land included, when using the 2020 three year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on four comparable sales, two of which are located in the same assessment neighborhood code as the subject property and in close proximity to the subject. Comparables #3 and #4 are located 2.93 and 1.94-miles from the subject, respectively. The parcels range in size from 10,800 to 29,620 square feet of land area and have each been improved with a two-story dwelling of wood siding, brick or brick and wood siding exterior construction. The homes were built between 1983 and 1987 and range in size from 3,262 to 3,446 square feet of living area. Three of the dwellings have full basements, one of which has finished area and comparable #3 has a crawl-space foundation. Each home has central air conditioning, a fireplace and a garage ranging in size from 480 to 624 square feet of building area. The properties sold from June to December 2020 for prices ranging from \$660,000 to \$802,500 or from \$197.96 to \$232.88 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of seven comparable sales to support their respective positions before the Property Tax Appeal Board. The Board has given reduced weight to board of review comparables #3 and #4 due to their distant locations from the subject and the differing foundation type of board of review comparable #3.

The Board finds the best evidence of market value to be appellant's comparable sales along with board of review comparable sales #1 and #2. The comparables are similar to the subject in location, design, age, size and several features. These most similar comparables sold from April 2018 to August 2020 for prices ranging from \$535,000 to \$802,500 or from \$166.77 to \$232.88 per square foot of living area, including land. The subject's assessment reflects a market value of \$603,274 or \$195.23 per square foot of living area, including land, which is within the range established by the best comparable sales in this record both in terms of overall value and on a per-square-foot basis. Based on this evidence and after considering appropriate adjustments to the best comparables for differences when compared to the subject property, the Board finds a reduction in the subject's assessment is not justified on grounds of overvaluation.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
