

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Bernard Edelman
DOCKET NO.: 20-05228.001-R-1
PARCEL NO.: 16-29-302-042

The parties of record before the Property Tax Appeal Board are Bernard Edelman, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$48,364
IMPR.: \$216,726
TOTAL: \$265,090

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of wood siding exterior construction with 2,868 square feet of living area. The dwelling was constructed in 2011. Features of the home include an unfinished basement, central air conditioning, a fireplace and an attached 460 square foot garage. The property has an approximately 9,000 square foot site and is located in Deerfield, West Deerfield Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on six comparable sales that are located from .31 to .72 of a mile from the subject. The comparables have sites ranging in size from 6,251 to 10,402 square feet of land area that are improved with 2-story dwellings ranging in size from 2,410 to 3,358 square feet of living area. The dwellings were built from 2002 to 2018. The comparables have unfinished basements, central air conditioning, a fireplace and a garage ranging in size from 418

to 712 square feet of building area. The comparables sold from March to December 2018 for prices ranging from \$520,000 to \$845,000 or from \$170.44 to \$255.83 per square foot of living area, including land.

Based on this evidence the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$265,090. The subject's assessment reflects a market value of \$796,305 or \$277.65 per square foot of living area, land included, when using the 2020 three-year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on five comparable sales that are located from .39 to .54 of a mile from the subject. The comparables have sites ranging in size from 7,840 to 16,100 square feet of land area that are improved with 2-story dwellings of brick, wood siding or brick and wood siding exterior construction ranging in size from 2,534 to 3,445 square feet of living area. The dwellings were built from 2004 to 2015. The comparables have basements, three of which have finished area, central air conditioning, one or two fireplaces and an attached garage ranging in size from 434 to 852 square feet of building area. One comparable has a swimming pool. The comparables sold from July to December 2020 for prices ranging from \$660,000 to \$1,075,000 or from \$260.46 to \$312.95 per square foot of living area, including land.

Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of 11 comparable sales for the Board's consideration. The Board finds the appellant submitted comparables that have sale dates occurring greater than 12 months prior to the January 1, 2020 assessment date at issue. The Board finds the board of review's comparables differ considerably in dwelling size when compared to the subject. Nevertheless, the comparables sold from March 2018 to December 2020 for prices ranging from \$520,000 to \$1,075,000 or from \$170.44 to \$312.95 per square foot of living area, including land. The subject's assessment reflects a market value of \$796,305 or \$277.65 per square foot of living area, including land, which falls within the range established by the comparables in the record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the subject's estimated market value as reflected by its assessment is supported. Based on this evidence the Board finds a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
