

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Christopher Boyer
DOCKET NO.: 20-05264.001-R-1
PARCEL NO.: 14-03-107-020

The parties of record before the Property Tax Appeal Board are Christopher Boyer, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$44,322
IMPR.: \$156,886
TOTAL: \$201,208

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame exterior construction with 3,381 square feet of living area. The dwelling was constructed in 2018. Features of the home include an unfinished basement, central air conditioning and an attached 509 square foot garage. The property has an approximately 12,016 square foot site and is located in Hawthorn Woods, Ela Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on five comparable sales that are located from .03 to .18 of a mile from the subject. The comparables have sites ranging in size from 11,051 to 12,371 square feet of land area that are improved with 2-story dwellings of frame exterior construction ranging in size from 2,966 to 3,502 square feet of living area. The dwellings were built from 2015 to 2019. The comparables have unfinished basements, two of which have a walkout and one of

which is a lookout style. The comparables have central air conditioning, a fireplace and an attached garage ranging in size from 486 to 722 square feet of building area. The comparables sold from March 2019 to January 2020 for prices ranging from \$513,000 to \$594,606 or from \$164.94 to \$176.05 per square foot of living area, including land.

Based on this evidence the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$201,208. The subject's assessment reflects a market value of \$604,410 or \$178.77 per square foot of living area, land included, when using the 2020 three-year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on six comparable sales that are located from .12 to .20 of a mile from the subject. The comparables have sites ranging in size from 13,604 to 20,704 square feet of land area that are improved with 2-story dwellings of frame exterior construction ranging in size from 3,195 to 3,302 square feet of living area. The dwellings were built in 2019. The comparables have unfinished basements, three of which have a walkout and two of which are lookout style. The comparables have central air conditioning and an attached 630 square foot garage. Five comparables each have a fireplace. The comparables sold from August to December 2020 for prices ranging from \$575,228 to \$614,245 or from \$180.04 to \$186.02 per square foot of living area, including land.

Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of 11 comparable sales for the Board's consideration. The Board gives less weight to the appellant's comparable #4, due to its considerably smaller dwelling size when compared to the subject. The Board finds the parties' remaining comparables have varying degrees of similarity to the subject. The best comparables sold from March 2019 to January 2020 for prices ranging from \$518,887 to \$614,245 or from \$164.94 to \$186.02 per square foot of living area, including land. The subject's assessment reflects a market value of \$604,410 or \$178.77 per square foot of living area, including land, which falls within the range established by the best comparable sales in the record. After considering adjustments to the best comparable sales for differences when compared to the subject, the Board finds the subject's estimated market value as reflected by its assessment is supported. Based on this evidence the Board finds a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
