

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Anjith Muddarla
DOCKET NO.: 20-05267.001-R-1
PARCEL NO.: 14-03-102-050

The parties of record before the Property Tax Appeal Board are Anjith Muddarla, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$36,090
IMPR.: \$151,082
TOTAL: \$187,172

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame exterior construction with 3,345 square feet of living area. The dwelling was constructed in 2018. Features of the home include an unfinished look out basement, central air conditioning, a fireplace and an attached 770 square foot garage. The property has an approximately 8,908 square foot site and is located in Hawthorn Woods, Ela Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales that are located from .04 to .52 of a mile from the subject. The comparables have sites ranging in size from 8,128 to 9,209 square feet of land area that are improved with 2-story dwellings of frame exterior construction ranging in size from 2,749 to 3,225 square feet of living area. The dwellings were built from 2015 to 2017. The comparables have unfinished basements, one of which has a walkout, central air

conditioning, a fireplace and an attached garage ranging in size from 545 to 653 square feet of building area. The comparables sold from January to August 2019 for prices ranging from \$475,000 to \$539,900 or from \$147.29 to \$176.98 per square foot of living area, including land.

Based on this evidence the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$187,172. The subject's assessment reflects a market value of \$562,247 or \$168.09 per square foot of living area, land included, when using the 2020 three-year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review explained the subject's 2020 assessment was calculated by using the subject's December 2018 purchase price of \$556,674 and applying a 1.0088 equalization factor.

Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The appellant submitted a total of four comparable sales for the Board's consideration. The Board gives less weight to the appellant's comparables #3 and #4, due to their significantly smaller dwelling size when compared to the subject. The Board finds the appellant's remaining comparables are similar to the subject in location, site size, dwelling style and some features. However, each of the appellant's best comparables has an older dwelling, a smaller dwelling and a smaller garage when compared to the subject. Nevertheless, the best comparables sold in January and June 2019 for prices of \$475,000 and \$539,900 or \$147.29 and \$169.09 per square foot of living area, including land. The subject's assessment reflects a market value of \$562,247 or \$168.09 per square foot of living area, including land, which falls above the market values of the best comparables in the record on a total market value basis but between the market values on a per square foot basis. However, after considering adjustments to the best comparable sales for differences when compared to the subject, the Board finds the subject's higher total estimated market value as reflected by its assessment is justified. As a final note, the Board finds the board of review's calculation of the subject's 2020 assessment is supported by the market value evidence in the record, even though the calculation was based on the subject's 2018 purchase price. Based on this evidence the Board finds a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
