

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Karen Mardjetko
DOCKET NO.: 20-05277.001-R-1
PARCEL NO.: 12-33-210-012

The parties of record before the Property Tax Appeal Board are Karen Mardjetko, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$232,224
IMPR.: \$320,672
TOTAL: \$552,896

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of wood siding exterior construction with 5,979 square feet of living area. The dwelling was constructed in 1875 but has a 1933 effective age. Features of the home include a basement, that has finished area, central air conditioning, four fireplaces and an attached 942 square foot garage. The property has a 56,850 square foot site and is located in Lake Forest, Shields Township, Lake County

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales that are located from .35 to .79 of a mile from the subject. The comparables have sites ranging in size from 54,010 to 67,310 square feet of land area that are improved with 1.75-story or 2-story dwellings of wood siding or brick exterior construction ranging in size from 5,413 to 6,861 square feet of living area. The dwellings were built from 1900 to 1930. The comparables have unfinished basements, central

air conditioning, between one and six fireplaces, and an attached and/or detached garage ranging in total size from 360 to 1,000 square feet of building area. The comparables sold from March to December 2019 for prices ranging from \$1,000,000 to \$2,200,000 or from \$184.74 to \$320.65 per square foot of living area, including land.

Based on this evidence the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$552,896. The subject's assessment reflects a market value of \$1,660,847 or \$277.78 per square foot of living area, land included, when using the 2020 three-year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on five comparable sales that are located from .18 to .81 of a mile from the subject. The board of review's comparables #2 and #5 are the same properties as the appellant's comparables #3 and #2, respectively. The comparables have sites ranging in size from 30,980 to 55,760 square feet of land area that are improved with 1.5-story, 1.75-story, 2-story or 2.5-story dwellings of wood siding, brick, wood siding and brick or wood siding and stone exterior construction ranging in size from 5,163 to 6,861 square feet of living area. The dwellings were built from 1879 to 1930, with one home built in 1925 having a 1936 effective age. The comparables have basements, one of which has finished area, central air conditioning, two, three or six fireplaces, and an attached and/or detached garage ranging in total size from 484 to 1,000 square feet of building area. Two comparables each have a swimming pool and one also has a fully finished attic. The comparables sold from May 2019 to May 2020 for prices ranging from \$1,700,000 to \$2,300,000 or from \$299.90 to \$444.44 per square foot of living area, including land.

Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of six comparable sales for the Board's consideration, two of which were submitted by both parties. The Board finds none of the parties' comparables are particularly similar to the subject. Nevertheless, the Board gives less weight to the appellant's comparable #3, due to its significantly larger dwelling size when compared to the subject. The Board also gives less weight to the board of review's comparables #1, #2 and #4, which includes one of the parties' common comparables, due to their swimming pool feature and/or their difference in dwelling size when compared to the subject. The Board finds the parties' remaining comparables, which includes one of the parties' common comparables, have varying degrees of similarity to the subject. However, each of the parties' best comparables lack finished

basement area when compared to the subject. Nevertheless, the best comparables sold from March 2019 to May 2020 for prices ranging from \$1,000,000 to \$2,000,000 or from \$184.74 to \$365.43 per square foot of living area, including land. The subject's assessment reflects a market value of \$1,660,847 or \$277.78 per square foot of living area, including land, which falls within the range established by the best comparable sales in the record. However, after considering adjustments to the best comparables for differences when compared to the subject, such as their lack of finished basement area, the Board finds the subject's estimated market value as reflected by its assessment is well supported. Based on this evidence the Board finds a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
