

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Paul Johnson
DOCKET NO.: 20-05298.001-R-1
PARCEL NO.: 16-28-219-008

The parties of record before the Property Tax Appeal Board are Paul Johnson, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$46,765
IMPR.: \$292,168
TOTAL: \$338,933

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of wood siding exterior construction with 3,574 square feet of living area. The dwelling was constructed in 2006. Features of the home include a basement with finished area, central air conditioning, two fireplaces and a 504 square foot garage. The property has an approximately 10,490 square foot site and is located in Deerfield, West Deerfield Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales located within .54 of a mile from the subject. The comparables have sites ranging in size from 8,368 to 11,282 square feet of land area and are improved with 2-story dwellings ranging in size from 2,973 to 3,877 square feet of living area. The dwellings were constructed from 2005 to 2008. Each comparable is reported to have a basement, central air conditioning, one fireplace, and a garage ranging in size from 420 to

609 square feet of building area. The comparables sold from June 2019 to June 2020 for prices ranging from \$715,000 to \$1,100,000 or from \$219.89 to \$297.06 per square foot of living area, land included. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$338,933. The subject's assessment reflects a market value of \$1,018,123 or \$284.87 per square foot of living area, land included, when using the 2020 three year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue. In support of its contention of the correct assessment the board of review submitted information on five comparable sales located within .88 of a mile from the subject where comparable #3 is the same as appellant's comparables #4. The properties have sites ranging in size from 9,020 to 11,750 square feet of land area and are improved with 2-story dwellings of wood siding, brick, stone and wood siding, or brick and wood siding exterior construction ranging in size from 3,445 to 4,126 square feet of living area. The dwellings were built from 2004 to 2013 and have basements, two of which have finished area. Each comparable has central air conditioning, one or two fireplaces and a garage ranging in size from 434 to 722 square feet of building area. The comparables sold from May 2019 to November 2020 for prices ranging from \$985,000 to \$1,186,000 or from \$276.87 to \$297.06 per square foot of living area, land included. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains eight comparable sales for the Board's consideration, one of which is common to both parties. The Board gives less weight to the appellant's comparable #2 and board of review comparable #5 which are less similar to the subject in dwelling size or age when compared to the other sales in the record. The Board finds the best evidence of market value to be the parties' remaining comparables which includes the common comparable. These comparables are more similar to the subject in age and dwelling size. However, five comparables have unfinished basements, suggesting upward adjustments are necessary to make them more equivalent to the subject which has finished basement area. Nevertheless, these comparables sold from May 2019 to November 2020 for prices ranging from \$852,500 to \$1,186,000 or from \$219.89 to \$297.06 per square foot of living area, including land. The subject's assessment reflects a market value of \$1,018,123 or \$284.87 per square foot of living area, including land, which is within the range established by the best comparable sales in the record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the subject's estimated market value as reflected by the assessment is supported and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
