

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Gloria Finnerty
DOCKET NO.: 20-05375.001-R-1
PARCEL NO.: 15-32-103-087

The parties of record before the Property Tax Appeal Board are Gloria Finnerty, the appellant, by attorney Ronald Kingsley of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$32,363
IMPR.: \$71,629
TOTAL: \$103,992

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of wood siding exterior construction with 1,576 square feet of living area. The dwelling was constructed in 1970 and has a reported effective age of 1973. Features of the home include a crawl space foundation, central air conditioning, a fireplace and a 364 square foot garage. The property has an approximately 11,740 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on four comparable sales with the same assessment neighborhood code as the subject and located within .54 of a mile from the subject property. The comparables have sites that range in size from 8,775 to 12,019 square feet of land area. The comparables are improved with one-story dwellings of frame exterior construction ranging in size from 1,540 to 1,628 square feet of living area. The dwellings were built in 1970 or 1971

with comparables #2 and #4 having reported effective ages of 1975 and 1971, respectively. Each comparable has a crawl space foundation, central air conditioning and a garage with either 364 or 484 square feet of building area. The appellant provided listing sheets for comparables #3 and #4 indicating the dwellings were rehabbed in 2018 and 2015, respectively. The comparables sold from May 2018 to July 2019 for prices ranging from \$250,000 to \$319,950¹ or from \$153.56 to \$203.53 per square foot of living area, including land. Based on this evidence, the appellant requested the subject's total assessment be reduced to \$101,379, which would reflect a market value of \$304,167 or \$193.00 per square foot of living area, including land, when using the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$103,992. The subject's assessment reflects a market value of \$312,382 or \$198.21 per square foot of living area, land included, when using the 2020 three-year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on five comparable sales located within .47 of a mile from the subject property, two of which have the same assessment neighborhood code as the subject. The board of review's comparables #1 and #2 are the same properties as the appellant's comparables #4 and #3, respectively. The comparables are improved with one-story dwellings of wood siding exterior construction ranging in size from 1,540 to 1,614 square feet of living area. The dwellings were built from 1969 to 1970 with comparable #1 having a reported effective age of 1971. Each comparable has a crawl space foundation, central air conditioning and a garage ranging in size from 364 to 484 square feet of building area. Two comparables each have a utility shed. The comparables sold from April 2019 to August 2020 for prices ranging from \$305,000 to \$365,000 or from \$198.05 to \$226.15 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains seven suggested comparable sales for the Board's consideration, as two sales were common to the parties. The Board has given less weight to the appellant's comparables #1 and #2 due to their sales occurring in 2018, less proximate in time to the January 1, 2020 assessment date than the remaining comparable sales in the record.

¹ The Board finds the best evidence of the appellant's comparable #4 sale price is found in the listing sheet provided by the appellant which disclosed the property sold in July 2019 for a price of \$319,950.

The Board finds the best evidence of market value to be parties' two common comparables, along with board of review comparables #3, #4 and #5. The Board finds these comparables sold most proximate in time to the assessment date at issue and are similar to the subject in location, dwelling size, design, age and some features. The comparables sold from April 2019 to August 2020 for prices ranging from \$305,000 to \$365,000 or from \$198.05 to \$226.15 per square foot of living area, including land. The subject's assessment reflects a market value of \$312,382 or \$198.21 per square foot of living area, including land, which falls within the range established by the best comparable sales in the record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds no reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
