

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Maya Doshi
DOCKET NO.: 20-05386.001-R-1
PARCEL NO.: 15-32-406-066

The parties of record before the Property Tax Appeal Board are Maya Doshi, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$32,818
IMPR.: \$107,055
TOTAL: \$139,873

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of wood siding exterior construction with 2,240 square feet of living area. The dwelling was built in 1994. Features of the home include a basement with finished area, central air conditioning, one fireplace, and a 400 square foot garage. The property has an approximately 2,060 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on three comparable sales with the same assessment neighborhood code as the subject property and located within 0.07 of a mile from the subject. The comparables are improved with 2-story dwellings of frame exterior construction ranging in size from 2,060 to 2,160 square feet of living area. The dwellings were each built in 1995. Each comparable has a basement with two having finished area, central air conditioning, one fireplace,

and a 420 square foot garage. The properties were sold in January 2019 and June 2020 for prices ranging from \$355,000 to \$414,900 or from \$164.35 to \$201.41 per square foot of living area, land included. Based on this evidence, the appellant requested an assessment reduction.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$139,873. The subject's assessment reflects a market value of \$420,165 or \$187.57 per square foot of living area, land included, when using the 2020 three-year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on three comparable sales with the same assessment neighborhood code as the subject property and located within 0.13 of a mile from the subject. Board of review comparables #1 and #3 are the same properties as the appellant's comparables #3 and #2, respectively, which were previously described. The unique comparable is improved with a 2-story dwelling of wood siding exterior construction with 2,060 square feet of living area. The dwelling was built in 1994. The home has a basement with finished area, central air conditioning, one fireplace, and a 420 square foot garage. The property sold in March 2021 for a price of \$423,000 or \$205.34 square foot of living area, land included. Based on this evidence, the board of review requested the subject's assessment be sustained.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains four suggested comparable sales for the Board's consideration, including the parties' two common comparables. The Board gives less weight to board of review comparable #2 which has a sale date less proximate in time to the subject's January 1, 2020 assessment date than the other comparables in the record.

The Board finds the best evidence of market value to be the parties' two common comparables and appellant's comparable #1 which have sales more proximate in time to the subject's assessment date and are similar to the subject in location, design, age, dwelling size, and most features. However, two of the comparables lack basement finish, which is a feature of the subject, suggesting upward adjustments would be required to make them more equivalent to the subject. The properties were sold in January 2019 and June 2020 for prices ranging from \$355,000 to \$414,900 or from \$164.35 to \$201.41 per square foot of living area, land included. The subject's assessment reflects a market value of \$420,165 or \$187.57 per square foot of living area, land included, which falls above the range established by the best comparable sales in the record on an overall basis but within the range on a per square foot basis and is logical considering its larger dwelling size and finish basement amenity when compared to the best comparables. Based on the record and after considering adjustments to the best comparables for

differences from the subject, the Board finds no reduction in the subject's estimated market value as reflected by its assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
