

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jennifer Strauss  
DOCKET NO.: 20-05461.001-R-1  
PARCEL NO.: 16-05-202-130

The parties of record before the Property Tax Appeal Board are Jennifer Strauss, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$101,154  
**IMPR.:** \$213,085  
**TOTAL:** \$314,239

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of brick exterior construction with 3,570 square feet of living area. The dwelling was constructed in 1984. Features of the home include a basement, central air conditioning, two fireplaces and an 816 square foot garage. The property is located in Lake Forest, West Deerfield Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on nine comparable sales located within 0.67 of a mile from the subject property. The comparables are improved with 2-story dwellings ranging in size from 2,967 to 4,104 square feet of living area that were built from 1979 to 1996. Each comparable has a basement, central air conditioning, one fireplace and a garage ranging in size from 506 to 840 square feet of building area. The comparables sold from May 2019 to July 2020 for prices ranging from \$625,000 to \$965,000 or from \$169.19 to \$245.77 per square foot of living area, including land. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$314,239. The subject's assessment reflects a market value of \$943,944 or \$264.41 per square foot of living area, land included, when using the 2020 three-year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on three comparable sales located within 0.18 of a mile from the subject property. The comparables are improved with 2-story dwellings of brick or brick and wood siding exterior construction ranging in size from 3,208 to 3,232 square feet of living area. The dwellings were built in 1979 and 1985, with comparable #3 having an effective year built of 1989. Each comparable has a basement, one of which has finished area, central air conditioning, one to three fireplaces and a garage ranging in size from 504 to 896 square feet of building area. The comparables sold from May to October 2020 for prices of \$950,000 and \$975,000 or ranging from \$251.46 to \$301.67 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains twelve suggested comparable sales for the Board's consideration. The Board has given less weight to the appellant's comparables #2, #3, #5 through #9 due to their dissimilar dwelling sizes and/or newer in age when compared to the subject.

The Board finds the best evidence of market value to be the remaining parties' common comparable the appellant's comparables #1 and #4, along with the board of review comparables. The Board finds that these comparables are more similar to the subject in location, dwelling size, age and some features. The comparables sold from March to October 2020 for prices ranging from \$715,000 to \$975,000 or from \$184.85 to \$301.67 per square foot of living area, including land. The subject's assessment reflects a market value of \$943,944 or \$264.41 per square foot of living area, including land, which falls within the range established by the best comparable sales in the record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds no reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
