

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Alissa Bolton  
DOCKET NO.: 20-05471.001-R-1  
PARCEL NO.: 16-05-202-147

The parties of record before the Property Tax Appeal Board are Alissa Bolton, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds No Change in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$101,154  
**IMPR.:** \$170,818  
**TOTAL:** \$271,972

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of wood siding exterior construction with 3,241 square feet of living area. The dwelling was constructed in 1986. Features of the home include a basement, central air conditioning, one fireplace, an attached 418 square foot garage, and a detached 523 square foot garage. The property is located in Lake Forest, West Deerfield Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on three comparable sales located within 0.12 of a mile from the subject property. The comparables are improved with 1-story or 2-story dwellings ranging in size from 3,868 to 4,308 square feet of living area that were built in 1979 and 1985. Each comparable has a basement, central air conditioning, a fireplace and a garage ranging in size from 483 to 817 square feet of building area. The comparables sold from December 2019 to March 2020 for prices of \$715,000 and \$850,000 or ranging from \$184.85 to \$217.00 per square foot of living

area, including land. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$271,972. The subject's assessment reflects a market value of \$816,978 or \$252.08 per square foot of living area, land included, when using the 2020 three-year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on three comparable sales located within 0.31 of a mile from the subject property. The comparables are improved with 1.75-story or 2-story dwellings of brick or brick and wood siding exterior construction ranging in size from 3,208 to 3,689 square feet of living area. The dwellings were built in 1979 and 1985. Each comparable has a basement, one with finished area, central air conditioning, one to three fireplaces, and a garage ranging in size from 672 to 896 square feet of building area. The comparables sold from July to October 2020 for prices ranging from \$835,000 to \$975,000 or from \$226.35 to \$301.67 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains seven suggested comparable sales for the Board's consideration, as one sale was common to the parties. The Board has given less weight to the appellant's comparables due to their dissimilar dwelling size and/or design when compared to the subject.

The Board finds the best evidence of market value to be the board of review comparables. The Board finds that these comparables are more similar to the subject in location, dwelling size, design and some features. The comparables sold from July to October 2020 for prices ranging from \$835,000 to \$975,000 or from \$226.35 to \$301.67 per square foot of living area, including land. The subject's assessment reflects a market value of \$816,978 or \$252.08 per square foot of living area, including land, which falls below the range of the best comparable sales in the record on an overall market value basis, and within the range of the best comparables on a per square foot basis. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds no reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
