

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Zofia Duduek
DOCKET NO.: 20-05552.001-R-1
PARCEL NO.: 11-29-102-015

The parties of record before the Property Tax Appeal Board are Zofia Duduek, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$24,017
IMPR.: \$82,511
TOTAL: \$106,528

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of brick and frame exterior construction with 2,649 square feet of living area. The dwelling was constructed in 1980. Features of the home include a basement, central air conditioning, a fireplace, and a 431 square foot garage. The property has a 9,816 square foot site and is located in Mundelein, Libertyville Township, Lake County.

The appellant's appeal is based on overvaluation. In support of this argument the appellant submitted evidence disclosing the subject property was purchased on August 23, 2019 for a price of \$320,000. The appellant completed Section IV – Recent Sale Data of the appeal petition disclosing the property sold using a realtor and was advertised on the Multiple Listing Service for 61 days. In support of the transaction, the appellant submitted a copy of a settlement statement, indicating a sale price of \$320,000 and payment of realtors' commissions, and a listing

sheet describing a market time of 43 days. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$107,680. The subject's assessment reflects a market value of \$323,460 or \$122.11 per square foot of living area, land included, when using the 2020 three year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on three comparable sales located within 0.27 of a mile from the subject. The parcels range in size from 7,780 to 9,620 square feet of land area and are improved with 2-story homes of wood siding exterior construction ranging in size from 2,392 to 2,852 square feet of living area. The dwellings were built from 1983 to 1986. Two homes have a basement and one home has a concrete slab foundation. Each home has central air conditioning, a fireplace, and a garage ranging in size from 420 to 440 square feet of building area. The comparables sold from March 2019 to April 2020 for prices ranging from \$284,500 to \$380,000 or from \$118.94 to \$142.05 per square foot of living area, including land. Based on this evidence the board of review requested the subject's assessment be sustained.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the purchase of the subject property in August 2019 for a price of \$320,000. The appellant provided evidence demonstrating the sale had the elements of an arm's length transaction. The appellant completed Section IV - Recent Sale Data of the appeal disclosing the property was sold using a realtor, the property had been advertised on the open market on the Multiple Listing Service, and it had been on the market for 43 days. In further support of the transaction the appellant submitted a copy of the settlement statement. The Board finds the purchase price is below the market value reflected by the assessment. The Board finds the board of review did not present any evidence to challenge the arm's length nature of the transaction or to refute the contention that the purchase price was reflective of market value. Based on this record the Board finds the subject property had a market value of \$320,000 as of January 1, 2020. Since market value has been determined the 2020 three year average median level of assessment for Lake County of 33.29% shall apply. 86 Ill.Admin.Code §1910.50(c)(1).

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
