

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Michael Bratman  
DOCKET NO.: 20-05561.001-R-1  
PARCEL NO.: 15-04-302-004

The parties of record before the Property Tax Appeal Board are Michael Bratman, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$27,909  
**IMPR.:** \$76,157  
**TOTAL:** \$104,066

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a tri-level dwelling of wood siding exterior construction with 1,200 square feet of living area. The dwelling was constructed in 1977. Features of the home include a finished lower level,<sup>1</sup> central air conditioning, a fireplace, and a 483 square foot garage. The property has a 11,594 square foot site and is located in Vernon Hills, Vernon Township, Lake County.

The appellant contends assessment inequity regarding the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables presented in two grid analyses. The comparables are located within the same assessment neighborhood code as the subject. The comparables are improved with split-level homes of frame exterior construction ranging in size from 1,200 to 1,437 square feet of living

<sup>1</sup> The appellant reported the subject has a finished lower level.

area that were built from 1977 to 1983. Each home has a finished lower level, central air conditioning, and a 441 or 483 square foot garage. Three homes each have a fireplace. The comparables have improvement assessments ranging from \$73,759 to \$84,668 or from \$57.49 to \$63.21 per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$104,066. The subject property has an improvement assessment of \$76,157 or \$63.46 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with tri-level homes of wood siding exterior construction with 1,200 or 1,250 square feet of living area and were built from 1975 to 1978. Two homes each have a basement, one of which has finished area. Each home has a lower level, two of which have finished area, central air conditioning, and a 483 or 506 square foot garage. Three homes each have a fireplace. The comparables have improvement assessments ranging from \$79,757 to \$92,431 or from \$66.46 to \$73.94 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of ten equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #2 and #3 and the board of review's comparables #2 and #3, due to substantial differences from the subject in dwelling size or foundation type.

The Board finds the best evidence of assessment equity to be the appellant's comparables #1, #4, and #5 and the board of review's comparables #1, #4, and #5, which are similar to the subject in dwelling size, age, location, and most features. These comparables have improvement assessments that range from \$73,759 to \$92,431 or from \$60.12 to \$73.94 per square foot of living area. The subject's improvement assessment of \$76,157 or \$63.46 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering appropriate adjustments to the best comparables for difference from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
