

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Troy & Maren Triphahn  
DOCKET NO.: 20-05606.001-R-1  
PARCEL NO.: 03-17-478-022

The parties of record before the Property Tax Appeal Board are Troy & Maren Triphahn, the appellants, by Jessica Hill-Magiera, Attorney at Law in Lake Zurich; and the Kane County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Kane** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$22,001  
**IMPR.:** \$138,573  
**TOTAL:** \$160,574

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellants timely filed the appeal from a decision of the Kane County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of brick and frame exterior construction with 3,641 square feet of living area. The dwelling was constructed in 2008. Features of the home include a basement with finished area, central air conditioning, two fireplaces, and a garage containing 735 square feet of building area. The property has a 13,939 square foot site and is located in West Dundee, Dundee Township, Kane County.

The appellants contend overvaluation as the basis of the appeal. In support of this argument the appellants submitted information on five comparable sales located within .34 of a mile of the subject and within the subject's assessment neighborhood. The comparables consist of two-story dwellings of frame or brick and frame exterior construction ranging in size from 3,058 to 3,416 square feet of living area. The homes were built from 2003 to 2016. Each dwelling has central air conditioning, one or two fireplaces, a basement with three having finished area, and a garage

ranging in size from 651 to 923 square feet of building area.<sup>1</sup> Comparable #1 has an inground swimming pool. The parcels range in size from 9,583 to 14,375 square feet of land area. The comparables sold from March 2019 to August 2020 for prices ranging from \$370,000 to \$417,000 or from \$109.14 to \$124.51 per square foot of living area, including land. Based on this evidence, the appellants requested a reduced assessment of \$142,400, for an estimated market value of \$427,243 or \$117.34 per square foot of living area, including land, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$160,574. The subject's assessment reflects a market value of \$481,915 or \$132.36 per square foot of living area, land included, when using the 2020 three-year average median level of assessment for Kane County of 33.32% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on six comparable sales within 1.52 miles of the subject, three of which are within the subject's assessment neighborhood. The comparables consist of one-story or two-story dwellings of frame or frame and brick exterior construction ranging in size from 2,874 to 3,709 square feet of living area. The dwellings were built from 1992 to 2015. Each dwelling has central air conditioning, one or two fireplaces, a basement with five having finished area, and a garage ranging in size from 504 to 923 square feet of building area. Comparables #1 and #3 each have an inground swimming pool and comparable #5 has a sports court. The parcels range in size from 12,197 to 30,928 square feet of land area. The comparables sold from March 2019 to April 2021 for prices ranging from \$465,000 to \$520,000 or from \$133.46 to \$170.49 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

In rebuttal, the appellants argued that the board of review's comparables #2 through #6 should be given less weight as they differ from the subject in dwelling size, design, location, age, or having a remote sale date.

### **Conclusion of Law**

The appellants contend the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellants did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of 11 comparable sales to support their respective positions before the Property Tax Appeal Board. The Board gives less weight to the appellants' comparables #1, #4, and #5 due to their inground swimming pool amenity or lack of finished basement area when compared to the subject. The Board also gives reduced weight to board of review comparables #1, #3, #4, #5, and #6 due to differences in age, dwelling size, design, location, and/or inground

swimming pool or sports court amenities when compared to the subject. Additionally, board of review comparable #6 sold more remotely in time to the January 1, 2020 valuation date at issue.

The Board finds the best evidence of market value to be appellants' comparable sales #2 and #4 along with board of review comparable sale #2, which are similar to the subject in age, dwelling size, location, design, and features. These most similar comparables sold for prices ranging from \$385,000 to \$484,000 or from \$117.34 to \$158.27 per square foot of living area, including land. The subject's assessment reflects a market value of \$481,915 or \$132.36 per square foot of living area, including land, which is within the range established by the best comparable sales in this record. Based on this evidence and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
