

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Tara Taylor  
DOCKET NO.: 20-05607.001-R-1  
PARCEL NO.: 03-08-226-020

The parties of record before the Property Tax Appeal Board are Tara Taylor, the appellant, by Jessica Hill-Magiera, Attorney at Law in Lake Zurich; and the Kane County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Kane** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$21,368  
**IMPR.:** \$102,096  
**TOTAL:** \$123,464

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Kane County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of brick and frame exterior construction with 3,146 square feet of living area. The dwelling was constructed in 1999. Features of the home include a basement with finished area, central air conditioning, a fireplace, a garage containing 641 square feet of building area, and an inground swimming pool.<sup>1</sup> The property has an approximately 17,860 square foot site and is located in Algonquin, Dundee Township, Kane County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales located within .33 of a mile of the subject and within the subject's assessment neighborhood. The comparables consist of two-story dwellings of frame or brick and frame exterior construction each containing 3,146 square feet of

living area.<sup>2</sup> The homes were built from 1997 to 2000. Each dwelling has central air conditioning, one fireplace, a basement with three having finished area, and a garage containing either 441 or 641 square feet of building area. The parcels range in size from 13,504 to 19,602 square feet of land area. The comparables sold from May 2019 to July 2020 for prices ranging from \$312,000 to \$365,000 or from \$99.17 to \$116.02 per square foot of living area, including land. Based on this evidence, the appellant requested a reduced assessment of \$115,488, for an estimated market value of \$346,499 or \$110.14 per square foot of living area, including land, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$123,464. The subject's assessment reflects a market value of \$370,540 or \$117.78 per square foot of living area, land included, when using the 2020 three-year average median level of assessment for Kane County of 33.32% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales located within .24 of a mile of the subject and within the subject's assessment neighborhood. Comparable #2 is the same property as appellant comparable #2. The comparables consist of two-story dwellings of frame or brick and frame exterior construction ranging in size from 2,637 to 3,146 square feet of living area. The dwellings were built from 1999 to 2002. Each dwelling has central air conditioning, one fireplace, a basement with three having finished area, and a garage ranging in size from 588 to 716 square feet of building area. The parcels range in size from 12,632 to 18,731 square feet of land area. The comparables sold from February to December 2020 for prices ranging from \$360,000 to \$370,000 or from \$116.02 to \$140.31 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

In rebuttal, the appellant argued that the board of review's comparables #1, #3, and #4 should be given less weight as they differ from the subject in dwelling size.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of seven comparable sales to support their respective positions before the Property Tax Appeal Board, with one comparable being common to the parties. The Board gives less weight to the appellant's comparable #4, as well as board of review comparables #3 and #4, due to differences in dwelling size or basement finish when compared to the subject.

---

<sup>2</sup> Details not provided by the appellant were drawn from the grid analysis provided by the board of review.

The Board finds the best evidence of market value to be appellant's comparable sales #1 through #3 along with board of review comparable sales #1 and #2, which includes the parties' common comparable and are similar to the subject in age, location, dwelling size, and most features. These most similar comparables sold for prices ranging from \$312,000 to \$370,000 or from \$99.17 to \$120.32 per square foot of living area, including land. The subject's assessment reflects a market value of \$370,540 or \$117.78 per square foot of living area, including land, which is within the range established by the best comparable sales in this record on a per-square-foot basis and slightly above the range overall. However, after considering adjustments to the best comparables for differences when compared to the subject, such as the subject's inground swimming pool, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
