

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: James Pearson
DOCKET NO.: 20-05610.001-R-1
PARCEL NO.: 14-04-452-004

The parties of record before the Property Tax Appeal Board are James Pearson, the appellant, by Jessica Hill-Magiera, Attorney at Law in Lake Zurich; and the Kane County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Kane** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$29,754
IMPR.: \$128,564
TOTAL: \$158,318

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Kane County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of brick and frame exterior construction with 2,712 square feet of living area.¹ The dwelling was constructed in 2005. Features of the home include a basement with finished area, central air conditioning, a fireplace, and a garage containing 798 square feet of building area. The property has a 15,246 square foot site and is located in Sugar Grove, Sugar Grove Township, Kane County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on six comparable sales located within .96 of a mile of the subject. The comparables consist of one-story dwellings of frame and brick, frame, brick, and stone, brick and aluminum siding, or brick and vinyl siding exterior construction ranging in size from 2,308 to 2,904 square feet of living area.² The homes were built from 2000 to 2014. dwelling has central air conditioning, one fireplace, a basement with one having finished area, and a garage ranging in size from 621 to 837 square feet of building area. The parcels range in size from 10,019 to 17,424 square feet of land area. The comparables sold from April 2019 to October 2020 for prices ranging from \$360,000 to \$430,000 or from \$144.63 to \$174.94 per square foot of living area, including land. Based on this evidence, the appellant requested a reduced assessment of \$140,001, for an estimated market value of \$420,045 or \$154.88 per square foot of living area, including land, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$167,360. The subject's assessment reflects a market value of \$502,281 or \$185.21 per square foot of living area, land included, when using the 2020 three-year average median level of assessment for Kane County of 33.32% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on three comparable sales located within .33 of a mile of the subject and within the subject's assessment neighborhood. The comparables consist of one-story dwellings of frame and stone exterior construction ranging in size from 2,449 to 2,780 square feet of living area. The dwellings were built from 2017 to 2019. Each dwelling has a basement with one having finished area and a garage ranging in size from 738 to 756 square feet of building area. Two comparables each have one or two fireplaces. The parcels each contain 16,988 square feet of land area. The comparables sold from May 2017 to June 2019 for prices ranging from \$515,800 to \$650,114 or from \$207.15 to \$240.00 per square foot of living area, including land. The board of review also submitted a grid of equity comparables.³ Based on this evidence, the board of review requested confirmation of the subject's assessment.

In rebuttal, the appellant argued that the board of review's comparables should be given less weight as they differ from the subject in age or have a more remote sale date.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted a total of nine comparable sales to support their respective positions before the Property Tax Appeal Board. The Board gives less weight to the board of review's comparables due to differences in age when compared to the subject and/or their more remote sale dates for valuation as of January 1, 2020.

³ The Board finds that the submission of equity comparables is not responsive to the appellant's market value claim, and the equity evidence presented by the board of review will not be further analyzed on this record.

The Board finds the best evidence of market value to be the appellant's comparable sales, which are similar to the subject in age, dwelling size, location, and some features. These most similar comparables sold from April 2019 to October 2020 for prices ranging from \$360,000 to \$430,000 or from \$144.63 to \$174.94 per square foot of living area, including land. The subject's assessment reflects a market value of \$502,281 or \$185.21 per square foot of living area, including land, which is above the range established by the best comparable sales in this record. Based on this evidence and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
