

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Nora and Marco DiPaolo
DOCKET NO.: 20-05700.001-R-1
PARCEL NO.: 03-12-353-057

The parties of record before the Property Tax Appeal Board are Nora and Marco DiPaolo, the appellants; and the Kendall County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Kendall** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$17,998
IMPR.: \$77,657
TOTAL: \$95,655

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Kendall County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick and wood siding exterior construction with 2,289 square feet of living area. The dwelling was constructed in 2007 and is approximately 13 years old. Features of the home include an unfinished basement, central air conditioning, and a garage containing 462 square feet of building area. The property has a 9,187 square foot site and is located in Oswego, Oswego Township, Kendall County.

The appellants contend overvaluation as the basis of the appeal. In support of this argument the appellants submitted information on four comparable sales. The comparables are located from 2.9 to 6.3 miles from the subject property and are 14 to 18 years old. The comparables consist of two-story dwellings of wood siding exterior construction ranging in size from 2,446 to 4,165 square feet of living area. Each dwelling has central air conditioning, an unfinished basement, and a garage ranging in size from 408 to 598 square feet of building area. Three comparables each have a fireplace. The parcels range in size from 8,036 to 12,123 square feet of land area.

The comparables sold from February to October 2019 for prices ranging from \$237,100 to \$256,000 or from \$59.24 to \$108.52 per square foot of living area, including land. Based on this evidence, the appellants requested a reduced assessment of \$73,834.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$95,655. The subject's assessment reflects a market value of \$288,552 or \$126.06 per square foot of living area, land included, when using the 2020 three-year average median level of assessment for Kendall County of 33.15% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on three comparable sales located in the same subdivision as the subject and within .5 of a mile of the subject. The comparables consist of two-story dwellings of wood siding or brick and wood siding exterior construction with 2,289 square feet of living area. The dwellings are 9 or 10 years old. Each dwelling has central air conditioning, an unfinished basement, and a garage with 462 square feet of building area. The parcels range in size from 9,139 to 10,761 square feet of land area. The comparables sold from June 2019 to January 2020 for prices ranging from \$279,000 to \$322,000 or from \$121.89 to \$140.67 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

In rebuttal to the board of review's submission, the appellants stated that the board of review failed to consider reasonable comparables from the surrounding area and that the board of review's comparable grid was incomplete.

Conclusion of Law

The appellants contend the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellants did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of seven comparable sales to support their respective positions before the Property Tax Appeal Board. The Board has given reduced weight to the appellants' comparables due to their distance from the subject and/or larger dwelling size when compared to the subject.

The Board finds the best evidence of market value to be the board of review's comparable sales, which are more similar to the subject in location, size, and features. These most similar comparables sold for prices ranging from \$279,000 to \$322,000 or from \$121.89 to \$140.67 per square foot of living area, including land. The subject's assessment reflects a market value of \$288,552 or \$126.06 per square foot of living area, including land, which is within the range established by the best comparable sales in this record. Based on this evidence and after considering adjustments to the best comparables for differences, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
