

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Allan and Mary Ording
DOCKET NO.: 20-06382.001-R-1
PARCEL NO.: 14-12-02-476-015-0000

The parties of record before the Property Tax Appeal Board are Allan and Mary Ording, the appellants, by Jessica Hill-Magiera, Attorney at Law in Lake Zurich; and the Will County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Will County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$30,150
IMPR.: \$106,266
TOTAL: \$136,416

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellants timely filed the appeal from a decision of the Will County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame and masonry construction containing 2,626 square feet of living area.¹ The dwelling was built in 1993. Features of the home include an unfinished basement, central air conditioning, two fireplaces and an attached garage with 751 square feet of building area. The property also has a detached garage with 960 square feet of building area. The property has a 108,900 square foot or 2.5-acre site and is located in Manhattan, Manhattan Township, Will County.

The appellants contend assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellants submitted information on six equity comparables located within 0.40 of a mile from the subject property. The comparables have varying degrees of similarity in dwelling size, design, age, and other features when compared to

¹ that the 2019 and 2020 tax years are within the same general assessment period

the subject. The comparables have improvement assessments ranging from \$66,100 to \$118,150 or from \$32.98 to \$39.79 per square foot of living area. Based on this evidence, the appellants requested a reduction in the subject's assessment.

The Board takes notice that the subject property was the subject matter of an appeal before the Property Tax Appeal Board the prior year under Docket Number 19-00589.001-R-1 by the same appellants. In that 2019 appeal, the Property Tax Appeal Board issued a decision lowering the assessment of the subject property to \$136,416 based on the evidence of record. In addition, the appellants report in the residential appeal petition that the subject property is an owner-occupied residence. The Board also takes notice that 2019 and 2020 are in the same general assessment period in Will County. (86 Ill.Admin.Code §1910.90(i) and 35 ILCS 200/9-215).

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$143,200. The subject property has an improvement assessment of \$113,050 or \$43.05 per square foot of living area. In the notes of appeal, the board of review reported a township equalization factor of 1.0000 for Manhattan Township.

In support of its contention of the correct assessment, the board of review submitted information, through the township assessor's office, on seven equity comparables located within the same block or a half of a mile from the subject property. The comparables have varying degrees of similarity in dwelling size, design, age, and other features when compared to the subject. The comparables have improvement assessments ranging from \$90,350 to \$139,250 or from \$42.21 to \$46.62 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

In addition, the board of review submitted a supplemental response from the township assessor that critiqued the appellants' evidence and provided descriptive information for the subject property along with the property record cards of the subject property and all of the comparables. In addition, the township assessor provided a comparative data summary of the assessment range of the acceptable comparables that have outbuildings the same the subject property.

Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellants contend assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b).

The Property Tax Appeal Board finds the subject property was the matter of an appeal before this Board the prior tax year under Docket Number 19-00589.001-R-1. In that appeal, the Property Tax Appeal Board rendered a decision lowering the subject's assessment to \$136,416 based on the evidence submitted by the parties. The Property Tax Appeal Board finds the Will

County quadrennial general assessment period began in the 2019 tax year and continues through the 2022 tax year. The Board further finds section 16-185 of the Property Tax Code is controlling in this appeal. (35 ILCS 200/16-185).

Section 16-185 of the Property Tax Code (35 ILCS 200/16-185) provides in part:

If the Property Tax Appeal Board renders a decision lowering the assessment of a particular parcel on which a residence occupied by the owner is situated, such reduced assessment, subject to equalization, shall remain in effect for the remainder of the general assessment period as provided in Sections 9-215 through 9-225, unless that parcel is subsequently sold in an arm's length transaction establishing a fair cash value for the parcel that is different from the fair cash value on which the Board's assessment is based, or unless the decision of the Property Tax Appeal Board is reversed or modified upon review.

The Board finds the record disclosed the subject property is an owner-occupied residence and that 2019 and 2020 are within the same general assessment period. The Board finds the record disclosed an equalization factor of 1.0000 was issued in Manhattan Township for the 2020 tax year. The Board further finds that the prior year's decision should be carried forward to the subsequent year subject only to any equalization factor applied to that year's assessments. The record contains no evidence indicating the Board's 2019 decision was reversed or modified upon review and that the subject property sold in an arm's-length transaction establishing a different fair cash value. For these reasons, the Property Tax Appeal Board finds that a reduction in the subject's total assessment is warranted to reflect the Board's prior year's finding plus the application of the equalization factor of 1.0000.

As a final point, the Board finds the subject dwelling is being equitably assessed, particularly in light of its newly reduced improvement assessment as a result of applying Section 16-185 of the Property Tax Code for an assessment of \$106,266 or \$40.47 per square foot of living.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
