

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Adis Silahic
DOCKET NO.: 20-06411.001-R-1
PARCEL NO.: 12-02-07-311-016-0000

The parties of record before the Property Tax Appeal Board are Adis Silahic, the appellant, by Jessica Hill-Magiera, Attorney at Law in Lake Zurich; and the Will County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Will County Board of Review** is warranted. The correct assessed valuation of the property is:

LAND: \$30,579
IMPR.: \$103,639
TOTAL: \$134,218

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Will County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of brick and frame exterior construction with 3,306 square feet of living area. The dwelling was constructed in 2003. Features of the home include a lookout basement with 1,755 square feet of finished area,¹ central air conditioning, a fireplace, and a 3-car garage. The property has an 11,334 square foot site and is located in Bolingbrook, DuPage Township, Will County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on eight comparable sales located from 0.06 of a mile to 1.06 miles from the subject. The comparables are improved with 2-story homes with 3,036 square feet of living area. The dwellings were built from 2003 to 2006. The appellant reported each

home has a basement, one of which is a lookout basement, and a 2-car or a 3-car garage.² Seven homes each have a fireplace. The comparables sold from March 2019 to July 2020 for prices ranging from \$260,000 to \$380,000 or from \$85.64 to \$125.16 per square foot of living area, including land. Based on this evidence the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$134,218. The subject's assessment reflects a market value of \$402,212 or \$132.48 per square foot of living area, land included, when using the 2020 three year average median level of assessment for Will County of 33.37% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on three comparable sales located within 0.34 of a mile from the subject. The parcels range in size from 10,541 to 18,601 square feet of land area and are improved with 2-story homes of brick and frame exterior construction with 3,036 square feet of living area. The dwellings were built in 2003. Each home has a walkout basement with 650 to 822 square feet of finished area, central air conditioning, a fireplace, and a 3-car garage. The comparables sold from October 2018 to May 2019 for prices ranging from \$400,000 to \$405,000 or from \$131.75 to \$133.40 per square foot of living area, including land.

The board of review submitted a brief asserting the subject is located in a large neighborhood of tract built homes of several different models. The board of review contended that the appellant omitted descriptive information regarding the subject and the comparables. The board of review reported that the subject and the appellant's comparables #1 and #4 have 3-car garages and the rest of the appellant's comparables have 2-car garages.

Based on this evidence the board of review requested the subject's assessment be sustained.

In written rebuttal, the appellant argued the board of review's comparables #2 and #3 sold too remote in time from the assessment date.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of eleven comparables sales for the Board's consideration. The Board gives less weight to the appellant's comparables, for which the appellant reported few descriptive

Some additional information regarding these comparables is found in the board of review's evidence which was not refuted by the appellant in written rebuttal.

details. In order for the Board to properly evaluate the comparables, it is necessary to have the salient characteristics associated with the comparables to be able to determine the degree of comparability and possible adjustments needed to the comparables to make them more equivalent to the subject. The appellant's evidence lacks sufficient details regarding the appellant's comparables whereas the board of review's evidence includes the salient facts about its comparables, including property record cards for these comparables, which adds credibility to its evidence.

The Board finds the best evidence of market value to be the board of review's unadjusted comparable sales, which are similar to the subject in dwelling size, age, site size, location, and features, although these comparables have less finished basement area than the subject, suggesting upward adjustments to these comparables would be needed to make them more equivalent to the subject. These most similar comparables sold for prices ranging from \$400,000 to \$405,000 or from \$131.75 to \$133.40 per square foot of living area, including land. The subject's assessment reflects a market value of \$402,212 or \$132.48 per square foot of living area, including land, which is within the range established by the best comparable sales in this record. Based on this evidence and after considering appropriate adjustments to the best comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
