

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Robert Stauder
DOCKET NO.: 20-07061.001-R-1
PARCEL NO.: 08-20.0-305-044

The parties of record before the Property Tax Appeal Board are Robert Stauder, the appellant, and the St. Clair County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the **St. Clair** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$2,222
IMPR.: \$1,111
TOTAL: \$3,333

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the St. Clair County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a one-story dwelling of frame construction containing 700 square feet of living area. The dwelling was built in 1927. Features of the home include an unfinished partial basement, one bathroom and one bedroom. The property has a 6,623 square foot site and is located in Belleville, Belleville Township, St. Clair County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted an appraisal estimating the subject property had a market value of \$10,000 as of December 22, 2020. The appraisal was prepared by Thomas Haida, a Certified Residential Real Estate Appraiser. The appraiser described the subject property as needing many improvements such as repairing or replacing the roof; gutters, downspouts and extensions; landscaping to improve drainage; exterior foundation tuckpointing; stoops and patio repairs; bath and kitchen updates; furnace, water heater and window units replaced; painting and drywall repair; new floor coverings; electrical updates; plumbing updates; and general repairs and

maintenance. In estimating the market value of the subject property, the appraiser developed the sales comparison approach to value using three comparable sales improved with 1-story or 1.5-story dwellings that range in size from 780 to 870 square feet of living area. The homes range in age from 100 to 180 years old. Each comparable has one bathroom and one bedroom. Two comparables have unfinished basements and one comparable has a garage. These properties have sites ranging in size from 4,138 to 8,102 square feet of land area and are in Belleville from approximately 1.49 to 2.59 miles from the subject property. The sales occurred from March 2020 and October 2020 for prices ranging from \$5,000 to \$15,000 or from \$5.75 to \$17.44 per square foot of living area, including land. Adjustments were made to the comparables for differences from the subject resulting in adjusted prices ranging from \$6,172 to \$11,400. The appraiser arrived at an estimated market value of \$10,000. The appellant requested the subject's total assessment be reduced to reflect the appraised value.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$11,051. The subject's assessment reflects a market value of \$33,930 or \$48.47 per square foot of living area, land included, when using the 2020 three-year average median level of assessment for St. Clair County of 32.57% as determined by the Illinois Department of Revenue. The board of review agreed to stipulate to the appraised value presented by the appellant.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the only evidence of market value to be the appraisal submitted by the appellant estimating the subject property had a market value of \$10,000 as of December 22, 2020. The board of review agreed to stipulate to the appraised value presented by the appellant. The subject's assessment reflects a market value of \$33,930, which is above the appraised value. Based on this evidence the Board finds a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
