

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Dorothy Hughes
DOCKET NO.: 20-07141.001-R-1
PARCEL NO.: 09-26-255-032

The parties of record before the Property Tax Appeal Board are Dorothy Hughes, the appellant, by Jessica Hill-Magiera, Attorney at Law in Lake Zurich; and the McHenry County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **McHenry** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$9,636
IMPR.: \$49,798
TOTAL: \$59,434

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the McHenry County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of frame and masonry exterior construction with 1,157 square feet of living area.¹ The dwelling was constructed in 1997. Features of the home include a walk-out basement with finished area, central air conditioning, 2.5 bathrooms, and a garage containing 400 square feet of building area. The property has a 1,152 square foot site and is located in McHenry, McHenry Township, McHenry County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales located within .16 of a mile of the subject and in the subject's assessment neighborhood. The comparables consist of one-story dwellings each containing 1,157 square feet of living area. The homes were built in 1997 or

2001. Each dwelling has central air conditioning, two full bathrooms, an unfinished basement with two being walk-out style, a 400 square foot garage, and a 1,152 square foot parcel. The comparables sold from February 2019 to February 2020 for prices ranging from \$163,500 to \$170,000 or from \$141.31 to \$146.93 per square foot of living area, including land. Based on this evidence, the appellant requested a reduced assessment of \$54,995, for an estimated market value of \$165,002 or \$142.61 per square foot of living area, including land, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$59,434. The subject's assessment reflects a market value of \$178,159 or \$153.98 per square foot of living area, land included, when using the 2020 three-year average median level of assessment for McHenry County of 33.36% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales located within .21 of a mile of the subject and within the subject's assessment neighborhood. Comparables #1 through #3 are the same properties as appellant comparables #1 through #3, described above. The remaining comparable is a one-story dwelling with 1,157 square feet of living area. The dwelling was built in 2000 and has central air conditioning, two full bathrooms, an unfinished English basement, a two-car garage, and a 1,152 square foot parcel. The comparable sold in July 2020 for \$175,000 or for \$151.25 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of four comparable sales to support their respective positions before the Property Tax Appeal Board, with three comparables being common to the parties.

The Board finds the best evidence of market value to be the parties' four comparables, which are similar to the subject in age, dwelling size, location, and features. These comparables sold for prices ranging from \$163,500 to \$175,000 or from \$141.31 to \$151.25 per square foot of living area, including land. The subject's assessment reflects a market value of \$178,159 or \$153.98 per square foot of living area, including land, which is above the range established by the best comparable sales in this record. However, after considering adjustments to the best comparables for differences when compared to the subject, such as bathroom count and basement finish, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
