

FINAL ADMINISTRATIVE DECISION ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Falcon, LTD DOCKET NO.: 20-07215.001-R-1 PARCEL NO.: 02-19.0-216-010

The parties of record before the Property Tax Appeal Board are Falcon, LTD, the appellant, by attorney Thomas Benedick, Attorney at Law in O'Fallon; and the St. Clair County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds *No Change* in the assessment of the property as established by the **St. Clair** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$799 **IMPR.:** \$8,307 **TOTAL:** \$9,106

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the St. Clair County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of brick exterior construction with 2,410 square feet of living area. The dwelling was constructed in 1950. Features of the home include an unfinished basement and central air conditioning. The property has an approximately 4,112 square foot site and is located in East St. Louis, East St. Louis Township, St. Clair County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales located in East St. Louis like the subject. The comparables have sites that range in size from 6,080 to 11,756 square feet of land area and are improved with a 1-story or a 2-story dwelling of frame, masonry or frame and masonry exterior construction ranging in size from 651 to 1,064 square feet of living area. The dwellings were built from 1906 to 1985. Two comparables have an unfinished basement, and one comparable has a crawl space foundation. Each dwelling has central air conditioning and

either a carport or garage. The properties sold from February to September 2020 for prices ranging from \$3,200 to \$7,500 or from \$4.91 to \$7.04 per square foot of living area, land included.

The appellant submitted the Multiple Listing Service (MLS) sheets on each of its comparable properties. The MLS sheets depicted the properties to be either bank owned and/or in need of updates and repairs at the time of sale. Based on this evidence, the appellant requested the subject's total assessment be reduced to \$3,000 which reflects a market value of \$9,001 or \$3.73 per square foot of living area, land included, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$9,106 after application of the township equalization factor. The subject's assessment reflects a market value of \$27,958 or \$11.60 per square foot of living area, land included, when using the 2020 three-year average median level of assessment for St. Clair County of 32.57% as determined by the Illinois Department of Revenue. The appellant was sent a 30-day stipulation offer that was proposed by the board of review. The board of review submitted no further evidence.

In rebuttal, the appellant rejected the board of review's offer to reduce the subject's total assessment to \$8,000. The appellant argued that, at a minimum, the board of review should submit comparable sales to support its proposed settlement offer.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The appellant submitted three market value sales for the Board's consideration. The Board finds these properties are located in the same city as the subject, however, they have site sizes, ages and dwelling sizes which are substantially different from the subject. Furthermore, these properties present varying degrees of similarity to the subject in design, foundation type and garage/carport amenity. Nevertheless, these comparables sold from February to September 2020 for prices ranging from \$3,200 to \$7,500 or from \$4.91 to \$7.04 per square foot of living area, including land. The subject's assessment reflects a market value of \$27,958 or \$11.60 per square foot of living area, including land, which falls above the range established by the best comparable sales in this record. However, the Board further finds that the properties submitted by the appellant are substantially different to the subject in age, site size and dwelling size and the MLS sheets submitted by the appellant depict these properties to need updating and/or repair work. Therefore, after considering appropriate adjustments to the only properties in the record, for differences from the subject, the Board finds a preponderance of the evidence does not support a reduction in the subject's assessment.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
