

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Illinois Investment Properties, LLC
DOCKET NO.: 20-07242.001-R-1
PARCEL NO.: 07-07.0-105-006

The parties of record before the Property Tax Appeal Board are Illinois Investment Properties, LLC, the appellant, by attorney Thomas Benedick, Attorney at Law in O'Fallon; and the St. Clair County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **St. Clair** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$854
IMPR.: \$8,046
TOTAL: \$8,900

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the St. Clair County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame exterior construction with 840 square feet of living area. The dwelling was constructed in 2005. Features of the home include a part slab and part crawl space foundation, central air conditioning and a detached garage. The property has an approximately 6,402 square foot site and is located in Cahokia, Centreville Township, St. Clair County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales located in Cahokia, like the subject. The comparables have sites that range in size from 5,524 to 8,999 square feet of land area and are improved with one-story dwellings of frame exterior construction ranging in size from 884 to 1,305 square feet of living area. The dwellings were built from 1953 to 1959. Each comparable has either a crawl space or concrete slab foundation and central air conditioning. Comparable #1

has a detached garage. The properties sold from February to September 2020 for prices ranging from \$8,500 to \$13,603 or from \$6.93 to \$10.42 per square foot of living area, land included. Based on this evidence, the appellant requested the subject's total assessment be reduced to \$3,000 which reflects a market value of \$9,001 or \$10.72 per square foot of living area, land included, when applying the statutory level of assessment of 33.33%.

The appellant also submitted copies of the Multiple Listing Service (MLS) sheets for each of the appellant's comparable sales which depicted comparables #1 and #3 to be bank owned properties and comparables #2 and #3 as being sold in "as is" condition and in need of repair work.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$9,057 after equalization. The subject's assessment reflects a market value of \$27,808 or \$33.10 per square foot of living area, land included, when using the 2020 three-year average median level of assessment for St. Clair County of 32.57% as determined by the Illinois Department of Revenue.

Included in the board of review Notes on Appeal was an offer to reduce the subject's total assessment to \$8,900. The board of review submitted no comparable sales or any other evidence in support of the subject's assessment. Based on this evidence, the board of review requested the subject's assessment be reduced to \$8,900.

In a letter dated January 11, 2021, the appellant rejected the board of review's offer to stipulate to a total assessed value of \$8,900 and requested a decision be made based on all evidence previously submitted.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the only evidence of market value to be the three comparable sale submitted by the appellant. These comparables present varying degrees of similarity to the subject in age, design, dwelling size and other features. The properties sold from February to September 2020 for prices ranging from \$8,500 to \$13,603 or from \$6.93 to \$10.42 per square foot of living area, including land. The subject's assessment reflects a market value of \$27,808 or \$33.10 per square foot of living area, including land, which falls above the range established by the only comparable sales in this record. After considering appropriate adjustments to the comparables for differences from the subject the Board finds a reduction in the subject's assessment equivalent to the board of review's offer is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
