

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Hui Chen & Jiahan He  
DOCKET NO.: 20-07843.001-R-1  
PARCEL NO.: 02-16-218-028

The parties of record before the Property Tax Appeal Board are Hui Chen & Jiahan He, the appellants; and the DuPage County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **DuPage** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$28,710  
**IMPR.:** \$84,820  
**TOTAL:** \$113,530

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellants timely filed the appeal from a decision of the DuPage County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of mixed exterior construction with 2,564 square feet of living area. The dwelling was constructed in 1995 and is approximately 26 years old. Features of the home include a basement with finished area, central air conditioning, a fireplace, and a 416 square foot garage.<sup>1</sup> The property has a 2,352 square foot site and is located in Bloomingdale, Bloomingdale Township, DuPage County.

The appellants contend overvaluation as the basis of the appeal. In support of this argument the appellants submitted information on four comparable sales located within .4 of a mile of the subject. The comparables consist of two-story dwellings of mixed exterior construction containing either 2,564 or 2,735 square feet of living area. The homes are 25 to 35 years old.

---

<sup>1</sup> Although the appellant reported that the subject's garage contains 385 square feet of building area, the Board finds the best evidence of garage size is found in the property record card submitted by the board of review which was not refuted by the appellant.

Each dwelling has central air conditioning, a fireplace, a basement with two having finished area, and a garage containing either 416 or 440 square feet of building area.<sup>2</sup> The parcels range in size from 1,687 to 2,382 square feet of land area. The comparables sold from February 2017 to June 2019 for prices ranging from \$280,000 to \$312,500 or from \$102.38 to \$121.88 per square foot of living area, including land. Based on this evidence, the appellant requested a reduced assessment of \$97,082.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$113,530. The subject's assessment reflects a market value of \$339,910 or \$132.57 per square foot of living area, land included, when using the 2020 three-year average median level of assessment for DuPage County of 33.40% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted a brief, information on five comparable sales, and property record cards for the subject and each comparable. Comparable #2 is the same property as the appellants' comparable #3. The comparables consist of two-story dwellings of mixed exterior construction containing either 2,184 or 2,564 square feet of living area. Comparables #2 through #5 were built from 1992 to 1996 with comparable #1 having a reported age of 1194. Each dwelling has central air conditioning, a basement with finished area, and a garage containing either 416 or 437 square feet of building area. Four of the comparables each have a fireplace. The parcels range in size from 1,970 to 2,364 square feet of land area. The comparables sold from February 2017 to July 2020 for prices ranging from \$312,500 to \$382,500 or from \$121.88 to \$164.84 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

In written rebuttal, the appellants submitted a memorandum critiquing several of the board of review's comparables and argue that the subject's model type sells for less per square foot than the model type of the board of review's comparables #3 and #4.

### **Conclusion of Law**

The appellants contend the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellants did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight comparable sales to support their respective positions before the Property Tax Appeal Board, with one comparable being common to the parties. The Board has given reduced weight to appellants' comparables #1 and #2 due to their unfinished basements as compared to the subject and comparable #3 due to its more remote sale date for

valuation as of January 1, 2020. The Board also gives reduced weight to board of review comparables #1 through #4 which sold less proximate to the January 1, 2020 assessment date.

The Board finds the best evidence of market value to be appellant's comparable sale #4 and board of review comparable sale #5, which sold more proximately to the January 1, 2020 valuation date and are similar to the subject in age, dwelling size, and features. These most similar comparables sold for prices of \$280,000 and \$382,500 or \$102.38 and \$149.18 per square foot of living area, including land. The subject's assessment reflects a market value of \$339,910 or \$132.57 per square foot of living area, including land, which is bracketed by the best comparable sales in this record. Based on this evidence and after considering adjustments to the best comparables for differences, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
