

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Kendall Vaccaro
DOCKET NO.: 20-07877.001-R-1
PARCEL NO.: 02-09-206-058

The parties of record before the Property Tax Appeal Board are Kendall Vaccaro, the appellant; and the DuPage County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **DuPage** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$38,420
IMPR.: \$184,590
TOTAL: \$223,010

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the DuPage County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick and stone exterior construction with 4,092 square feet of living area. The dwelling was constructed in 1993 and is approximately 28 years old. Features of the home include a basement with finished area, central air conditioning, two fireplaces, and a 981 square foot garage.¹ The property has an approximately 13,890 square foot site and is located in Roselle, Bloomingdale Township, DuPage County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales. The comparables consist of two-story dwellings of brick exterior construction ranging in size from 2,954 to 3,615 square feet of

living area.² The homes are 27 to 32 years old. Each dwelling has central air conditioning, a fireplace, a basement with finished area, and a garage ranging in size from 462 to 826 square feet of building area. The parcels range in size from 11,500 to 13,669 square feet of land area. The comparables sold from March 2018 to October 2020 for prices ranging from \$491,000 to \$612,000 or from \$156.29 to \$205.85 per square foot of living area, including land. Based on this evidence, the appellant requested a reduced assessment of \$173,420.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$223,010. The subject's assessment reflects a market value of \$667,695 or \$163.17 per square foot of living area, land included, when using the 2020 three-year average median level of assessment for DuPage County of 33.40% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted a memorandum, property records cards for the subject and each of the parties' comparables, and information on four comparable sales. Comparable #4 is the same as appellant's comparable #1. The comparables consist of two-story dwellings of mixed or brick exterior construction ranging in size from 3,542 to 4,326 square feet of living area. The dwellings were built from 1990 to 1994. Each dwelling has central air conditioning, one or two fireplaces, a basement with finished area, and a garage ranging in size from 760 to 826 square feet of building area. The parcels range in size from 13,111 to 25,810 square feet of land area. The comparables sold from November 2017 to May 2020 for prices ranging from \$565,000 to \$728,500 or from \$148.07 to \$168.40 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of six comparable sales to support their respective positions before the Property Tax Appeal Board, with one comparable being common to the parties. The Board has given reduced weight to appellant's comparables #2 and #3 due to significant differences in dwelling size when compared to the subject and/or more remote sale date for valuation as of January 1, 2020. The Board also gives reduced weight to board of review comparable #3 due to its more remote sale date for valuation as of January 1, 2020.

The Board finds the best evidence of market value to be the parties' common comparable along with board of review comparable sales #1 and #2, which are more similar to the subject in dwelling size, age, and features. These most similar comparables sold for prices ranging from

\$565,000 to \$728,500 or from \$156.29 to \$168.40 per square foot of living area, including land. The subject's assessment reflects a market value of \$667,695 or \$163.17 per square foot of living area, including land, which is within the range established by the best comparable sales in this record. Based on this evidence and after considering adjustments to the best comparables for differences, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
