

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ovi Smalberger
DOCKET NO.: 20-08022.001-R-1
PARCEL NO.: 07-04-305-055

The parties of record before the Property Tax Appeal Board are Ovi Smalberger, the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the DuPage County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **DuPage** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$13,250
IMPR.: \$49,840
TOTAL: \$63,090

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the DuPage County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story townhouse of frame exterior construction with 1,166 square feet of living area. The dwelling was constructed in 1986. Features of the home include a basement, central air conditioning, a fireplace,¹ and a 2-car garage. The property has a 1,943 square foot site and is located in Naperville, Naperville Township, DuPage County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on five comparable sales presented on two pages, which have been renumbered as comparables #1 through #5, together with a listing sheet for each comparable sale. The comparables are located within the same assessment neighborhood code as the subject property. The parcels have either 1,943 or 2,366 square feet of land area and are

improved with two-story townhomes of frame exterior construction² ranging in size from 1,166 to 1,518 square feet of living area. The homes were built from 1986 to 1988. Two homes each have a basement and four homes each have central air conditioning. Each comparable has a fireplace³ and a 2-car garage. The comparables sold from February 2017 to June 2019 for prices ranging from \$170,000 to \$226,500 or from \$118.58 to \$155.56 per square foot of living area, including land. Based on this evidence the appellant requested a reduction in the subject's assessment to \$54,066 which would reflect a market value of \$162,214 or \$139.12 per square foot of living area, including land, at the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$63,090. The subject's assessment reflects a market value of \$188,892 or \$162.00 per square foot of living area, land included, when using the 2020 three year average median level of assessment for DuPage County of 33.40% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales, where comparable #2 is the same property as the appellant's comparable #5, together with a map depicting the locations of both parties' comparables in relation to the subject and property records cards for both parties' comparables. The comparables are located within the same assessment neighborhood code as the subject property. The parcels have either 1,943 or 2,366 square feet of land area and are improved with two-story townhomes of frame exterior construction ranging in size from 1,270 to 1,518 square feet of living area. The homes were built from 1986 to 1990. Each home has a basement, a fireplace, and a 2-car garage. The comparables sold from January 2018 to April 2019 for prices ranging from \$204,000 to \$228,000 or from \$134.39 to \$163.78 per square foot of living area, including land. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine comparable sales, with one common sale, for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #2, and #3 and the board of review's comparables #1, #3, and #4, which sold less proximate in time to the January 1, 2020 assessment date.

² The listing sheets presented by the appellant reported more specifically that these comparables have vinyl siding, vinyl siding and aluminum siding, or vinyl siding, aluminum siding, and steel siding exterior construction.

³ Additional details regarding these comparables not reported by the appellant are found in their property record cards presented by the board of review.

The Board finds the best evidence of market value to be the appellant's comparable #4 and the appellant's comparable #5/board of review's comparable #2, which are similar to the subject in location, lot size, age, and some features, although these comparables are significantly larger homes than the subject and one comparable lacks a basement which is a feature of the subject. These most similar comparables sold in April and June 2019 for prices of \$226,500 and \$180,000 or \$155.56 and \$118.58 per square foot of living area, including land, respectively. The subject's assessment reflects a market value of \$188,892 or \$162.00 per square foot of living area, including land, which is bracketed by the best comparable sales in terms of total market value but is above the best comparables on a price per square foot basis, which is logical given the subject is a much smaller home than the best comparables. Based on this evidence and after considering appropriate adjustments to the best comparables for differences from the subject, such as foundation type and dwelling size, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
